(stop building to space, build super computers and split atoms; We can solve poverty, war and environmental degradation.) Sadly, a large majority of citizens don't have an education or the attention span to receive one and live in a magical realm of witch-hunting and superstitions (confirmation bias/racist/sexist/jealous/bigots) operating in preformal/childlike cognitions. This is why Hollywood & Fake news media run the world. If only the sheeple could follow their shepherd Christ: Love.

Cultural Habemus Corpus Practice and Procedure, 7th edition

Habermas Corpus uses the tool of federal civil procedure to litigate the constitutionality of state and federal criminal procedures. It places federal trial courts in an appellate relationship to state appellate courts, while often assigning fact-finding as well as law and procedure review functions to those essentially appellate federal courts. It combines all these distinct legal contents in a setting in which many important and often competing values and interests are at stake - the enforcement of local criminal laws and of national constitutional norms; the integrity of the state and also of the federal judicial system and the security of local communities and the liberty and lives of the criminally accused. Understanding and effectively implementing habeas corpus practice and procedure requires large doses of judgment and imagination. Which this book is designed to stimulate.

Typically 9 steps before filing: 1 guilty trial 2 sentencing hearing 3 procedures on motion for new hearing 4 appeals as of right in state 5 discretionary appeals 6 review in Supreme court 7 post conviction proceedings 8 all state postconv appeals

why does no one care about Child Slavery? (Google: modern  
slavery, US department of labor slave products, slavery investigation?  
everything seems like a joke when people pretend to care about  
things that are objectively less important than the fact that  
slavery still exists due to our cities imports and products we buy  
and use everyday. If we can spit an atom I think of the  
universities can apply their discoveries to end poverty. Sadly,  
many don't have the attention/discipline/humility to reduce a

Wow Spencer - maybe the lord will use you all the more to  
help set the captives free. There are actually many Christians  
working specifically towards this end in various parts of the world - but you  
don't always hear of their work - but they have the same heart + burden,  
I'm going to set youkite aside for class who comes in 1st party the week ~~thinking~~  
it must be helpful for you to talk. In my opinion - you might appreciate  
this book by Viktor Frankl - please return it when finished as it is the last one we  
have right now. And please always feel free to reach out ~~and~~ we want to  
help you make the most of your time here. God Bless You  
Be what you are and what you are, and I will give you wisdom + let your steps as you keep looking in Him.

looked like Heck. To heck w/ it? Isn't that the same as hell, To  
Barrett w/ it, Sounds better in my opinion, some Heck fraternal Satanist  
shit head, Catholic church feasting on innocent babies to preserve  
five large Vampires - knowing medical secrets keep raping w/ God all  
things are possible. There's no where to move ya "you're LYING!" -  
impossible, Another case of the Lucifer effect, I asked to see Medical -  
his supervisor came. "there's no gas tank" Yeah come smell it, come feel  
my heart - the Vents aren't even working - You guys just think it's

I HAVE VALUABLE CONTRIBUTIONS TO ADD TO THE SCIENCE? RESEARCH OF CONSCIOUSNESS. IS one recent very sobering recognition is the loss of Will Power amidst substances of all kinds simply marijuana, tobacco and ale. But we should value our individual willpower beyond all any outside influence that hinders it from its highest self realization ability. For it is a sad joke to associate substances of LOVE or to imagine one can fully embody LOVE while under the influence. This is arguable given the intoxicating similarities of opiate feeling or meth - But LOVE is not just a warm feeling - it is the knowledge and obligation to be considered of our fullest utmost ability to remediate the situation plaguing all mankind right now. This will take a healthy body exercise and welcomed discipline, for it is welcomed by its ability to give us more accurate coordination and capabilities. The Greatest Duty is Belonging. 8/29 620am - Studied runes today. Woke around 4am. (As the pencil gets shorter, the writing gets uglier. 2. Stupid dreams. ① Driving w/ friends near A2 get off near desert crossing, get back in and take driver seat but spooked of getting pulled over, stop @ game bar/restaurant (wine thing - leave backpack at table, go into bathroom, Jaded Todd me - never cheated on my daughter! We said: I leave bathroom, helping Anne build cobbles, small brick structures w/ water you in. Hodge machine contraption attached to new bar (big and old horse arena new) James & some young kid using it to cut a huge tree (only woodstove powered) Phoenix is walking - & say its cause of fire - he doesnt care, self conceived it instead - wale w/ Gretchen & Hana, blow big nose bubble and spit fleas - ew its still coming out! Hana and Gretchen watch. Don't look @ me! I get them to run away toward the house!!! THE ULTIMATE/VERSAL/INTER-GALACTIC SHIT ARTIST STATEMENT - while sitting on top of Americas burning pile of privileged shits (yes you can smoke it AKA Mr. John Ken) I decided trying too hard was a waste of time, and while we're contributing to the 6th Mass Extinction event, Art in general seems pitifully retarded of an endeavor (seeing it well extinct, who will enjoy this shit? Even if the aliens do come, how can I protect my own shit from lava, freezing, breaking into the vacuum of space?)

645am - Holy shit! I just popped a cactus needle out of my right foot after thinking how funny Joseph Story people would think my being left in the Desert was. I thought it was something else - I got that cactus was in my foot almost 2 years! ~ November 2020. Sure it could be from the Sedona trip but I don't think so. It was like 1cm long. Wow Deja Vu - had a memory I would be laughing about this w/ my mom (who probably thinks I deserved it) not knowing I'm not actually violent or disrespectful besides words when they cheat on me and try to hide it. I saved it in the earplugs plastic baggy. All those hot showers helped me scratch off so much skin. THE REAL REVENANT HAS RISEN!!! Tails wouldn't even exist if it was true innocent until proven guilty. The United States is a Synagogue of Satan that calls itself a nation" - #11.

3pm - nap dreams - super tall wobbly thing @ top w/ Alex and patterns & analysis - Before & after reactivity brain scans, Danielle comes up, almost tips us over, scared shitless 200 ft drop. Re-stabilize us. Then "some dream but Nicole comes up & does some thing ~ only the size of a 4xs at top..."

my left hand (wrist, pinky ring finger & thumb) have been aching since officer Clark (of Jackson County Jail) twisted my hands in the cuffs @ Book-in. Officer inmates (Matt Hewitt's others) heard my screams & should be videotaped recording evidence. (Then also took my cell phone I keep attached to belt loop in the yard which was recording that night since before, during and after my arrest. My whole hand has been hurting a lot more recently even though that happened more than 3-weeks ago (8/1/22) - Bone fracture or nerve damage - needed assistance - I have high pain tolerance and doctor father never assisted broken rib or bone after 4 days in the past so to feel pain this long after my medical something? I cannot exercise cell (pushups etc)

I guess I just feel like no one believes me: my life experiences, job, passions, message or intentions. My family never showed interest in my photos, video, writings, never expressed it openly to me ever. My community work and volunteer my environmental/civil rights/peace detentions and my real worries based off of numerous reports that engaged in this work is a real risk to myself and my family (Google: environmental activist killed annually. Research: JFK, MLK, Gandhi, Lennon, more modern so many historical martyrs of every culture put to death speaking out against the empire of manufactured poverty, crime and slavery. Car bombs and journalists killed every year regardless of being in the "direct line of fire". (Shit Artist's Statement p. 46)

I want to hold onto my like work to I never forget it or have it taken away by someone who doesn't believe in a [fraternal] culture of peace. That's what I everything to do but in jail am stripped of everything and literally recommended by my own lawyer to not make too close of friends (conditioning distrust of others and other social/psychological traits to survive solitary confinement imprisonment.

I guess the biggest truth is I'm really not okay, right now in more ways than I physically might be. I have multiple, deep, but I was raised to - just smile!! you'd "fine" and I hate making other people sad (feel responsible for their emotions and like mine will impact/affect their negatively)

There is just so much to write I don't know how to sum it up, in one short piece.

from my mother to my daughter, my partner and my father and brothers, the deepest or ideas that love is all psycho-sexual in nature, I and much, much more!

The party first started in 2017 when my mother, after coming out of an ambulance with tears and a nervous laugh, the clinking, they told me I just needed talk therapy - I thought they were going to kill me like Granny - Sister that she has chosen needs over talk therapy, asked if I needed to talk to a therapist instead of her (on numerous occasions) made fun of her own mother for how much she, Granny, talked. I to have to see real criminals, real murderers - get love and affection - a phone call from their mom. But I believe this is my father's influence his own ideal and dismissive - reactive all argument about coupled w/ a superior/inferiority small-man (Napoleon) complex. (see page 18 red underline)

for some reason they do not call to see their first grandchild (my daughter) and I have not seen her or needed about her in a while. I care too much about her, and have overcome the fact that if she is dead do to her mother neglect which I have seen in person and many nightmares (the mother did expect post partum suicidal thoughts against herself and my daughter) - and because of the way I responded about my own Granny's -

death (after my mother post-ambulance with they would keep that from me - for my own protection' which my ignorant father not done or more than one occasion, it till would like to know, if the it nothing and happy and not being abused by her husband father in law - who very apparently traumatized his own daughter (his mother) & I am tired of dealing there story of will never forget - & do not need to write them down that are 'hard words' in.

I do ~~not~~ have evidence for multiple past action lawsuits. (page 10) I do ~~not~~ have many sightings / professionally everyone all over the world are putting their beliefs above their and others needs. (see also page 13, 14, 15 red underlined)

See page 37 for past nights sleepless confusion / 'dullness - paranoia' <sup>~ (when you read nothing, it begins to be yours) ~</sup> <sub>Male dum rectus, incipit esse TUDM.</sub>

see the literature Mr. Webster Vol. 2 by Heitznerates page 118 (S. 826) & page 103-106 (S. 83 & 84) I did it to myself first! (one step ahead of the criticism :))

So not only is it easy for the invade or, an inmate to kill me and frame it as a suicide or not (by Rich & from the outside site who wish to suppress this message / see page 20) But then like a man named Everett (trouble: Everett DUL) whose organs were harvested and kept from his family for how long? To be used in various military experiments

So it really is not unreasonable to have those fear - especially when I lost contact anyone on the outside. So that is why I need meds - not because I am paranoid but because the world is, and my worries feel just seem to annoy everyone... delete my 22

about it. The truth is the message of ends is being  
abused here and science proves that is the answer  
too (Heart math) but instead of pleading for the  
poor and needy. Both scientific institutional and  
religion are using the message, the poor  
and the Earth for personal gain. We have the  
knowledge & tools to end modern slavery & poverty

and have already spoken out against it - I feel

would prefer medication over P.C. as that has

(8/23) 8:15 pm - after all this review of thoughts and a gross dream of Bicca I don't want to write, and w/ my experience of "hippies" like Chris or anyone I met. I would like to join the military if they decide to not imprison me and use my skills & desire for something greater. Waking up to my hatred - amidst my own considerations understanding (a model and map) and its potential / likely abuse by non-believers & demons / false friends & heathens. This was actually the "best" place to wake up - in a cell by myself. w/ no real family (only fraud friend - self centered atheists) never baptized of their own choice and inspired by L Ron Hubbard biography. The military is my best bet, and I feel worthy of respect by the chain of command for my own experiences & discoveries. Still I want to craft a culture of peace but so long as we have corrupt leaders in any family / village / city / nation, we will need the state just meeting and hearing individuals so unconscious - my own "friends & partners" and criminals and "professionals" now I have become a colonizer w/ my own understanding & forgiveness but if not reciprocated, an obligation to protect the most vulnerable remains. 9pm - LET MY MISTAKES / EXPERIENCES / DISCOVERIES - so that you don't have to, from the first tabs of LSD & breaking up w/ my best friend that same day to becoming Captain America eventually travelling back to be w/ my love but not before the mission is complete - for I would have never opened my eyes so wide and fought for this world had I not seen new timelines / worlds / perspectives but the Donnie Darko who understands, losing your best friend is the end of the world - not only that but we are so feebly prepared for any disaster (to the best of my knowledge (absent of military secrets) & the recognition that traumatic <sup>experiences</sup> family complexes leave a void where the conscience should be. And feel no obligation what so ever to tell the truth (or to know Truth exists) so chaos magic exists for the sad & traumatized who may never trust or know truth w/ out unconditional love.

And for the Jackson County extortion of my plea and any others in my life while being imprisoned / tortured w/ no materials or reasonable method to maintain sanity / memory / records - its so unfair its not even funny - innocent until exhausted w/ the difference in police reports for the DUI, its a wonder how many officers choose what they want to see / hear - becoming mechanical robots doing the same job over and over - just filling / writing the same story (its easier that way they dont have to think as much - heuristics and limited processing capacity) The witness as a marine would obviously have something against me - a "hippy peace activist" putting his whole sinful career to shame - i.e. the culture of peace. Also the difference in reports - the psychology behind the officers and potentially my own authority complex, but doubting that audio exists its all just "hear say" claims of one word against another to (w/out evidence only the motivation to defend ones honor / ego / face value or to destroy the others - a real paranoia for an activist in court.

- If your symptoms or health problems do not get better or if they become worse, call your doctor. *as defined by Christ and abused by his followers*
- Do not share your drugs with others and do not take anyone else's drugs. *So one does not 'choose' to assault or make a last- ing regret*
- Some drugs may have another patient information leaflet. If you have any questions about this drug, please talk with your doctor, nurse, pharmacist, or other health care provider. *to their highest self*
- If you think there has been an overdose, call your poison control center or get medical care right away. Back to voluntary & explicit informed consent - Death w/ Dignity applies in more ways than "intentional" or "conscious" suicide, which contradicts the very word conscious. I do not find suicide to be dignified in anyway - except I guess the case of Jesus. But he did not choose it himself. I have taken Death w/ Dignity multiple steps forward: 1) "guilty/felon/sinner" forced to plead against my own conscience 2) living your whole life neglecting the Greater picture and suffering of others at your combined/collective influence. 3) not knowing the truth that does exist

~5pm - Unsure if I took fiber or a new medication - guess I will see by its effects. ~7pm [To courtroom] There are bigger issues at hand! Instead of uncovering and resolving Poverty & Disease you have found a way to profit off of it! (The Roots of) Will you be surprised if I tell you WE will all profit off of applying our Academic Discoveries which perwade the schools and higher institutions but evade the very system we call "justice"? It is the year 2020, let me remind you, not the 1700s - so why are we still on a Witch Hunt for Evil? Because a hidden few out of the whole make an easy Buck? The Witch Hunt persecutes the impoverished individual - But we know holistic systems (BioPsychoSocio-Spiritual)

14. and collective conditions retain more power than any individual could be convicted of (except the few currently running the world, our government and the media. Where has our conscience gone? Our reason? That is what con-science means w/ science! Yet our "Justice" system continues to run on Beliefs insulting to the Holy Gospel's message of love, which "Just happens" to intersect w/ the Discoveries of Science (BioPsychoSocio-Spiritual Heart Math! Not only this, but worse, the very institutions that profit from Christ's message are the very ones profiting and perpetuating poverty, when they have the very tools and utmost technological to End it! I myself have done the calculations, not groups actively working to resolve and "speak out against these corruptions. But "interestingly" enough our government is an expert at disbanding and destroying any social movement, church, or religious movement... all I can say is I am for all the people and I see a way forward but that is just one way and I want us all to agree on and work together using the tools we were taught in school - to find the Most True Way forward, w/out unnecessary conflict, disorder or chaos. And that requires a real Transparent/OpenSource, community oriented and participatory circuit court of the People, by the People and for the People. Headed by our local teachers and professionals of every field - for they understand and peer review it @ the hands of every student and peer review. The Backbone of Science, of a collective con-science are these collective truths we hold so dear to our hearts! [End]

15. [Additional] The Problem is I am talking to the collective unconscious, to be conscious means to respond, and for that - one has to be able to listen. But w/out any Trust or a real education or interest in the well-being of your whole Earth family - these words are liable to personally offend. Let me remind "you", I am not talking to any individual (except the richest who will strive to distort this message) I am talking to the collective. It is the collective I judge for unknowingly and unceasingly perpetuating/continuing all the worst times known to man. For every single law and statute, including the oldest to the most modern, (The 10 commandments, etc) we are guilty of breaking every single one. A few such as some religious (Jamsuk, etc) might claim otherwise, but I can only see the un-contacted tribes of indigenous living minimally and w/ Mother Nature as being an exception or still pure from our defiled influence. And because their are levels of consciousness, a response is just the first medical definition a reflex can happen w/ but any real listening or thinking. And I fear the cognitive/sloppy distortion is and will be so strong that rational many will simply refuse to believe it, to save their own false identity or inability to know what or how they can do anything about it. Well, the unfortunate thing I went to remind you is this is not a matter of Belief. This is the Truth (there is no such thing as a True belief; that is knowledge) Christ understood this Science of the Heart, of the Truth of Love - so become a disciple of Christ and Science - Plead for the poor and the needy!

- Will bring you some lined paper

But they have no idea for the pop culture of universal  
must have self-assured them that they are not responsible  
And this is one of the reasons that Disease Prevails - (9/11)  
Does it cause, or is it caused by, or is it all merely  
a coincidence, a correlation? Had Disease culture  
Psycho-community/family culture. To understand and  
accept it was loyalty for others for anyone's approval all-  
eptance - slight guidance - to just relating how self-  
righteous I am and traditional to its utmost meaning  
for I have lived happily w/ very little, still I felt  
something to be missing - the trust of a family, one  
that truly relies on one another. To redirect my hate  
to the Manufactures of the Paradigm and the sys-  
tematic roots of the parents have created a world  
view, is important for it is not completely their fault  
This Twin/chain reaction of Generational Abuse?  
Trauma. But let their own trauma be testimony to  
the assault on family from the Prevailing culture  
and not an excuse to continue harming. Oh well

I had it way worse than you! "for if they say  
that, shall we really be forced to wait out the  
slow process of evolution or will they choose my  
conscious/conscience free will to take responsibility  
for as much as they can as soon as they can. Like  
dead, but not the same as screaming "RESPENT" like  
days of old - for there is more than just that -  
and it is not something to be so ashamed of!  
humiliated/debilitated/depressed or helplessly rejected  
over - it is something to become conscious of -  
families killing themselves and others; their parents  
and their children not directing, there is something  
true earth and the future. That is something  
to be aware of and to Hate, for you own sake  
and for all of our sake, if you can spread it w/ love  
Be my guest... it's a hard thing to love or forgive  
I - those who continue to reject and kill your child-  
ren. For if they know not what they do have  
only YOU ARE THE MURDERER - KILL ALL PARENTS - FAMILY FANG

9/16 How Imprisonment Creates Better Criminals NOT better people: 1) conditioning distrust a) sleepless cycle infant; sleepless (written) officers is weaker effect c) other inmates and "solitary" d) Distrust Culture America e) they need to be rewarded for w/ social not punished w/ isolation f) once you get good @ solitary nothing left to lose (w/king forward to death-meeting our maker "fried" finally going to sleep w/ Mamma Grain (origin of infant cries) 2) stats show no benefit; once you learn distrust you succeed better at distrust culture America; New'sistic Pyramid Scheme 3) Governmental Crimes parallel & justify individual crimes. Fostering Hatred POTENTIAL SOLUTIONS: 1) verifiable surveillance 2) similar groupings and productive goals/conditioning-motivation  
Even simple acts of guards not reciprocating "forgetting" (keep a notebook then) Creates a helpless/hopeless or REBEL against the machine  
From micro-macro individual (baby-adult) - family - neighbors/co-workers modern-village/CITY / GOVERNMENT / CULTURE. Detendants/PRISONERS vs Prosecutors/PREDATOR/COPS (a domestic abuse relationship of not seeing eye to eye) from the baby never learning trust to a child developing its own morals and not fitting in w/ the "larger" conforming collective  
The birth of a counter culture individual parallel's secret counter culture criminal government justifying crimes or masquerading them  
MADE IN AMERICA: BY CRIMINALS, OF CRIMINALS, FOR CRIMINALS on crime on both sides, from patronizing proselytizing to passive aggressive self-assurance. #END THE SCHISM... Speaking w/ Milton about the medicating over social reward (which I also believe is the cloud of anxiety (aka Hysteria) "w/ no direction" from Psychology or authoritarianism) Oxytocin is better than Oxycontin, but they don't want you to know that - HOW TO GET IT, BEG YOU OWN SUPPLY. BONDING BY THE SOCIAL SPIRIT, ACCEPTANCE IS MOTHERLY LOVE  
THE PROBLEM OF PEOPLE TAKING TRAIL AT HOME - FAMILY LIKE - MARRIAGES / RELATIONSHIP PROBLEMS OUT ON US, THEIR CONVICTIONS OR GASEY PRAY IMPRISONED CIVILIANS  
The interesting thing is taking the Pet alone was so lonely - even in beautiful Nature w/ no one to share it seemed meaningless. Now plain solitary w/ no windows or anything is not so bad, for I did what I wanted, saved the best of wilderness but now I get to share in these deprived conditions w/ others. So I am less alone, and although the beauty is absent, a social spirit and purpose for justice remains. Now I am literally forced inward to the realm of dreams, imagination and fantasy.

on 9/6 between 12:30-1:00 pm I was punched in the face for reading the Bible out loud. This was while in Protective Custody. Since that I have heard nothing about the fact that I do in fact want to plea bargain and believe I need a right to all paperwork involved in the process. Please forward my documents so I can ensure not being pushed back. My lawyer and legal assistant think it is not safe to answer my questions or immediate my interest to protesting their conditions of confinement.

we did not show any sympathy for me getting punched in the <sup>1</sup> face and apparently <sup>2</sup> rather than my lawyer. 1123 Athiests/parasitistic/scientific reductionists think they're smarter!??  
than they are, pretending like they are above/beyond/superior to  
human emotion and Psychological Bias & limitations. It's best to just  
admit Agnosticism, for we humans in the Grand Scheme of things  
are quite amazing yet still, dimensions behind in all-leading  
intelligence and Infinite limits. Although I'm agnostic on every-  
thing-almost (at least I claim to be philosophically and humbly  
recognizing my own limits and desires) I think I am Gnostic  
on Love. Given cultural, historical, universal and personal  
circumstances of my own and others (Love, Mother Nature, Nature  
telepathy/empathy connecting w/ All; the many & the One)  
I'd say they want to defile me, they try to reduce me! to confine me - to  
seduce me, As if I could ever lose me. - MY SPIRIT - CAN YOU HEAR IT? OF  
ITS NOT A LYRIC - FOOD NOT BOMBS! Heartfelt Sings - A collective  
family - Unified Humanity! These lies are insensitivity - Fuck Mr Bomb!  
I am - Aishh! I smell fresh rain (wet refreshing air of the Pkws coming  
through my vents - or is it the smell of the soil & the trees celebrating  
a New Science of Justice: How to Quantify & Kill" (Stoichiometric footprints -  
environmental/social/historical/contextual) and also unconscious behaviors  
untamed w/ modern understanding and sacred based edginess (disclosing  
each individual's unique programming imprint/blueprint & technique) Behaviorism un-  
leashed and applied; who are YOU; really? I'd believe I have tested  
and proved my hypothesis that all Jung really is a projection  
of unconscious/constricted breath-one-blood flow. Several times  
during annoying and repetitive visits from it matter I only have  
to do a few exercises sets and stretches to regain composure (position)  
(The Knotter has returned and I have engraved his breath stealing suffocation!)  
also taking a shirt helps too - haven't done that yet today - Ham. It's making  
sense that poor blood flow/constrictions would make breathing harder (as  
breathing not only helps w/ air in and out but blood out and in to the heart (it feels like  
each in breath pushes blood out from the center and each exhale lets it  
fall back) At 6:50 pm - a fellow rager on the phone about not being able  
to have his kids back "it's not right! I never relapsed! "Criminophobe"  
but however common pulling our heart strings tortures techniques  
(this is the modern USA where people pushed to care about children  
(first world kids) more than you. To create a society that offert  
support and opportunity for all parties to rebuild and heal the  
most important thing - family!!! To keep awake, aware and  
vigilante of this fact, its always maintain control over  
your own breath/flood/peace; its much easier said than done  
but also easier if you live w/ much solitude, easier able to distinguish  
untangle yourself from others impressions/perceptions/invasions ...

133  
(continued) CONSCIOUS BREATH is truly necessary for informed,  
explicit and voluntary Consent! and sometimes we don't want  
to feel our body or the shit in our belly (bowels) - because it's pois-  
oning us and deprive! Breathe, blood flow, poop - how to feel good  
in your body! Back to the Banner - oh yeah - HYDRATION! - helps  
with it! Now, to feel good even amidst constraining shaming tort-  
ure techniques like solitary confinement! 9 pm - just laughed  
myself to tears hearing everyone tell each other to "Shut-up"  
"Shut up" "Fuck you" "Use your head, pussy" "SHUT UP, SHUT UP, SHUT UP - FUCK YOU - pussy"  
It's still better than entertaining them when one person keeps  
making noise all on their own - like 3-4 are joining in what just  
seems like childish Bantle "one bang on his door" "louden" another clearly  
sarcastically encourages: "good boy, one bang after the Dude finally  
calms - that made me laugh wtf to H.R.D. after though, I sit lonely  
in my cell - pondering the meaning behind my seemingly short relat-  
ionship w/ Becca: To see and relate w/ my deepest shadow. OH how  
I wish I didn't claim independence on July 4th in that manner  
- oh how I wish I just stopped all self-stance and WOULD the  
completion of Ce: my mission - and more actively sought to resolve  
my daughter's absence. Oh well, I guess I needed to be hum-  
bled to the overpowering effects of the spirits even though  
I see the purpose of the matter - to cut me off before  
The Devil's Garden Temptation crept in any further. I love  
it and know I can make it up to Becca, my daughter and  
myself, for I have brought back from that prolonged crazy  
Dream/High/Intoxication more solid confidence in myself and  
the necessity of discretion. To remain pure and clothed of the  
Holy Spirit of the mission and of Authentic Bonding?  
Family - true respectful recognition of one another...  
Beyond all forms and superficial relevance - True Namaste  
and maybe I technically do have a mental "disorder" of  
preference "gift" and think everyone does and I was socially  
capable and able to continue my mission of self-discovery  
and Broad casting to a degree which I know will benefit  
others and myself, which I was way to co-dependent and  
lacked self-trust since my first relationship folly & during my  
crisis (The first time I ever got drunk) and I believe I  
lost my head strong (maybe artistic) will power during my  
weed addiction - still I produced much art until my  
falling out me off from community (paranoid image) until my  
daughter's absence created the Ultimate Shit Artist Asshole

of the whole Justice system.

9/14 dreams - ① holding 2 8 ft black pythons on my arms, slightly fearful  
yet still wanting to hold, the sharp scale / curve of their little prickles  
on my hand and I decide to put them back in their cage. ② cleaning  
out mechanic's small messy room in some place dark, open windows, barking  
in as much light - find a dead cat on the couch up I'm cleaning it  
and get stung by a grub / insect from its body, cleaned up the  
room alot then find myself leaving Dunes 12V as he's getting in  
the desert wind my descent, as I leave it turns into a classic  
style house w/ steps and I go around walk to another small house  
in yard, meliana is leaving me / flirting / takes a phone or I have  
her - she gives me a backpack, people on back porch enjoy our prese-  
nce - pink looking Haze / Karna dude chatting - garden is yard nearby  
③ @ parents house - 1-3-6 french, more showing up - I get pissed  
they're smoking inside, move them out to deck / old garden -  
cleaning up pink room - organizing 2 new backpacks, making sure  
house doesn't smell like smoke: farts and spray bottle, orchids  
appear and I tell him not to smoke inside - send him to garden  
area w/ everyone else. Mom comes in and I ask if it smells  
bad she says no, I show her my backpacks (2) from other de-  
vils and she enjoys - she tells me to call her "Dharma",  
because it means "your mama"... // I am - I believe surveillance  
state is necessary because people's memories are so bad  
everyone's story is different and a group will discount  
an individual even if the individuals memory is  
more accurate. This should begin in Prisons / correctional  
facilities, due to the need my own recent experience  
w/ Correll's story vs mine yet I have Kites as proof - still another  
form of accountability and record keeping is necessary  
for the jail as well as access to my own personal  
records otherwise they can try to convince me I'm  
crazy and never did the things I said I did - and  
distort my own memory. 3 pm - loud long driving cry / wail / <sup>longer</sup>  
waaaa!! "Shut the fuck up!!" "Wahhh!!" "Cry into your pillow!!" "Screw  
what a healthy place to cultivate a conscience. Imprisonment  
really is the solution! / sarcasm... instead of impacting we HARDEN  
now the cry scream is even louder "WAAHHH!!" and someone else  
has decided to mimic it w/ a retarded voice or monotone or  
idle how to describe sounds w/ words... 5 pm - wiper from a dream  
where I saw a picture of my dad drinking a beer while driving and  
then I was driving w/ him in passenger and I expected me open then  
he started and he died then...

7/24 remembering Kristen Doughter. I took interest in my HBWR experience and how others may have thought. I had some thoughts for some things else more personal - led me to realize I did did are legal and easily accessible - and it brought back a prominent memory from when morning glory and when Whitney Radar and her friend picked me up to take it as a sign from Mother Earth who's worked through Whitney to the prominent memory of watching in

9/25 12:45am - filled w/ a lot of hatred in reference to the grievance form: "fessell is lying!" and so did the other sergeant - about no medical records expressing symptoms. So I need to call my attorney tomorrow and disclose the facts of this abuse; not following medicine wash-  
ing labels, endangering children in their custody and also about lack of accountability / ease for them to lie or "manufacture memories" - also questioning my own record if it was destroyed or if I can request any documents from my past to not be brainwashed by this ideal. Factor 1: (1) need warning label (2) lack of accountability and able for officer to lie (useful effect and other psychology of power and control) (3) need 24/7 record keeping audio video in important hands (4) I have proof they lied on Lawrence report and write receipts (5) forensic pay for sex offender? (6) Distrust of law enforcement (pass code) (7) Assault (8) lack of empathy (9) with denied after multiple requests - stamped envelope - and (10) case for people to call the crazy w/out a verifiable record (2:13) and take away all my rights. Added to (11) without people screaming denied medical help and responsibility for display warning labels to prevent and deputies (12) screaming enough, or if in reading, the subtle knife by (13) want of all kinds of lies on text below in reading but when I read the text below, I cannot find a similar set of letters to "I'm not seeing, could just be b's" or the part of sent Mander reference to 2 when 9:13 (6:6) (6:6) for we are the mark of the beast) - well, now I can see - this book is a remarkable synchronicity - discerning shadows of Plato - came as Dark matter, curious element and position holding our world together, and able to speak to those capable w/ an open mind. IT MAKES ME THINK THERE IS A HOPEFUL MESSAGE. IT MAKES ME THINK ALL MY PAST BELIEFS ARE AGAINST ME, INVOLVING ALL MY PAST FRIENDS & FAMILY, WHO'RE IM NOT ALLOWED TO KNOW THE SURETY OR EXACT OF MY LOVED ONES AND I WANT TO KNOW WHY? 9/26 - UNPRECEDENTED AND SO INHUMAN AND CRUEL IN THIS MODERN AGE OF COMMUNICATION (Ablines, ease, information) (referring to previous page, trying to calm the rage - too conscious and such that I will have crazy or mad instead of like a concerned Dad.) Of course I just never wanted to accept it was all my responsibility. I thought family or friends would help I didn't want to resort to the legal system which I do not trust. It just took me this long. This rage isn't new, I just always find ways to distract from fear or "never-faith" thing or event real. One just accepting that in this age people really don't think the father's edict or has the right or that his influence matters. So I am in a schism but its programmed and its our culture and I never felt the responsibility to defend my worth against such nonsense / blasphemy - but how could I forget that been my whole purpose. They have destroyed human-natural and I have to - I have defended it by exposing and providing an artistic road map of the male dilemma / plight / struggle to feel (all by oneself - w/out community authenticity) - this subtle consciousness defined by Frederick Douglass - This image of falsehood implicated onto our being - you might think I did not realize that you have a duty to fight against and Amend these false assumptions and disgraceful defilements - arguments not just you but all mankind! 2pm - all the Real Prayers - just squatting, patiently waiting, relaxing in our primal post & feeling our body, meditating, relaxing allowing it to (Gowlo?) be and move on its own. No offense to the Church and the hard prayer - all still say before each meal - but ~~ob~~ guilt and shame have a more honest cure? A more biological origin. Not that the conscience doesn't exist, but that we have silenced it / muted it / drowned it out amongst amidst unnecessary disease and discomfort - this is not the correct form to go to - & this is (hot -> 7) says medical, but yet we still sit in a way to constrain and construct a natural protest - maybe sitting is in general unnatural and squashing is more practical / appropriate / traditional blood - flowing - full. // New Talker: I'm going to destroy the "women" of this world - w/out blood shed! But I need some help, I have no friends but I will make a better world for all! "STUTUP" I think he has good ideas - but he's just probably stringing out? He keeps talking despite peoples anger. CREATED 7/1/2015 CWH #291

To whom it may concern,  
<sup>my name is</sup> Spencer Joseph Barrett, I am a 28-year old artist  
<sup>and activist from</sup> Corvallis Oregon (please view my YouTube  
channel SJ Barrett and Archive.Org account: SJB177)

I am currently being held in Lane County Jail and  
have been victim and witness to numerous human rights  
violations. My Constitutional right to a Speedy trial  
has been waived without my consent in attempt to  
extend/prolong my imprisonment and extort/force a  
plea from me (see: Eugene weekly article titled: "plea  
mill"). I have filed multiple grievances on the  
deplorable conditions of County Jail <sup>and am an and</sup> ~~no~~ <sup>proponent for Prison Reform</sup>  
My public attorney is so busy w/ clients I have  
only visited w/ her and spoken on the phone w/ her  
twice during my 80-days here. Despite continual  
requests to go to trial and numerous other concerns  
and questions (I have left almost 100 voicemails w/  
no response). I need a 3<sup>rd</sup> party watchdog or any  
resources you can offer (legal assistance, contact  
information, Legal Hotline phone #'s) because I have effect-  
ively been cut off from all forms of communication/  
research and discovery, limiting inhibiting my right to  
informed & voluntary explicit consent. This is not just  
about me, for I fear many have experienced this same  
predicament. I beg for a system based on verifiable  
Science (psychology-biology-sociology) because the current  
structure of neglect, abandonment and vengeance based  
punishment <sup>obviously</sup> does not create better, but better  
criminals. (Please view my references/citations @ the

Dear chief of justice Walters,

As the first female justice I am positive you know first hand how out of date our current system is. Unfortunately Sexism still runs rampant (along w/ Racism, Ageism, and a myriad of traditional/generational Bias). The justice system itself does not utilize the <sup>(forms of)</sup> full Benefits of Science (corrupted by conflicting interests and a lack of education). I think I ~~have~~ <sup>know</sup> a solution, its in our declaration of Independence and the Oregon Constitution... There is so much wrong it is hard to

- o voice silenced - lawyer actually convinced or too busy
- o father malpractice and conflict of interest

1, lack of right to Speedy trial against my consent / const. vi  
3, inconsiderate, hasty diagnosis - (lifer work)

## Damaging Deficient beliefs:

- Science is Satanic... How to use truth to dispel what is truth
- Using the Bible to contradict 10 <sup>origin of word conscience...</sup> commandments or Love... <sup>worse than</sup> drugs-hate
- Human Nature (may fall short of perfect to the highest self ideal (Christ) but not permanently/always sinful (condition. math))  
But by the definition - to miss the mark!  
Then yes, all are sinful except THEE CHRIST

[revised math] "I LOVE YOU" PRAYER / CHANT

LOVE YOU

30 years = 8 billion seconds... So if you said it 3x  
in a second that's 10 straight years of chanting  
so if you live to be 70 and spend  $\frac{1}{7}$  of your day  
 $24/7 \approx 3.5$  hrs a day every day your whole life or  
7 hrs a day half your 70 year life then you can  
say I love you 8 billion times (if you say it 3x  
a second)

$60 \text{ (sec/min)} \times 60 \text{ (min/hr)} = 3600 \text{ (sec/hr)} \times 24 = 79,200 \text{ (sec/day)}$   
 $\approx 80K \text{ (sec/day)}^*$  rounded up.  $8,000,000,000$  (approx ~ ppl on earth)  
 $\div 80,000 = 10,000 \text{ days} \sim \text{approx.} \sim 30 \text{ years} = 8 \text{ billion seconds}$

Regardless, this is the best breath meditation exercise I have  
ever tried and it helped bring me to sleep during waking  
nightmare/pain.

8/17 - Mother! It is late @ night and I cannot sleep, or should  
I say my heart never rests. But soon I will enjoy the  
same neglect/meditation\* as you! Lexapro, anti anxiety  
anti depression. But this is only situational - w/ my  
feelings of always being watched, plotted for or by  
against. This is not an easy sensation, in a cage  
surrounded by "criminals" or those convicted of  
attempted murder, among other charges. I always  
wonder if I may have offended - a slave mentality  
of submission or extremely sensitive collective  
compassion. Still I fear I offend and it is  
my life they want to end. For Jesus was  
literally perfect and still was condemned. So how  
shall my chances fair? Oh mother who should  
know me and my spirit better than any other.  
But on my artwork/life's work, you have  
made almost no comment. This I refuse and  
will vomit. For any child of mine, I swear  
to give the time - especially if their work,  
they can convince, is based on lessons of Rinse,  
Religion to bond, that's what it means. Clean-  
liness is Godliness, a baptism w/ water, a hope-  
less quest for my daughter. To drown in  
love, near death until it descends (the Dove).  
can we make amends/amends - forgive-  
ness does that make sense. For our hearts  
will hurt (unless we will never there) hollow  
on our deathbed, Blinded by the Sun's Glare,  
a purpose I had "discovered" on my mission there  
past 2 years. Please help me live up to it -  
please lend me your ears. Let go of your  
fears and the ugly jokes I have made - I  
might not be a good comedian but God has a  
plan for this artwork - have an ear and  
listen what the Spirit says to the church

"you are high" was the response I got while putting this letter away. If you would like to discuss Drug Science/ or spiritual celebration- be "high" and Narcissistic like a preacher or I could be high on the streets education I could a street

once I can let go of this need to control - Real faith <sup>6.</sup>  
in God's Will, let the story unfold. And save my heart  
from the pains of judgment. for every action there is  
a reaction, class action lawsuit. still I cry that I  
an innocent is led blindly to an Over. Playme and  
weary, took my own horn. I'd better stop entertaining  
this Ego's worn and torn. like the veil of the temple  
just before the holy ghost left. The Greatest of all,  
yes - even "he wept". And felt forsaken, as should you,  
he was perfect, the only, of but a few. Who came close  
to Goodness, or the idea of such, the goal is not  
condemnation, but liberating all of us. From the  
manufactured and unnecessarily prolonged Poverty.  
Everytime another thought comes remember "that  
is not me". focus on Wisdom, in solemn grace, she  
has the most beautiful face. Back to Proverbs -  
or Ecclesiastes, for truly it is One - and under-  
stand, there is Nothing New under the Sun...  
Be grateful someone touched you at all, by body  
if not by Spirit, for some I fear could go w/out  
either, and never hear it. The Song of Love - or  
the Song of God. Who gave his only Son... But what  
of his only (or many) Daughters? Son of Sons, <sup>5.</sup>  
Daughter of Waters. ~ 450pm - feeling very (Holy) scared  
to talk to (blessed) mental health assistant, thoughts  
she could take everything away from me. filled out  
a form, I hope they don't make the excuse I'm sui-  
dal - I'm more afraid to lose my writings than any-  
thing else. ~ 530pm - "suspicious" I said to a Buff red beard,  
doing hand stand pushups in the outdoor room - not for this  
but his Celtic knot foot tattoo in the shape of a triangle  
(same foot as me, same approx. size) he laughed it off and  
somehow knew a bunch of names. asked if I knew Seth -  
going upstate for 3 murders (lived on Bly Mtn too).  
also had upside down pentagram in between shoulder  
blades. Don't who to trust after my legal assistant  
said I don't have bail or need for monitor (= not a flight  
risk) even though judge said I do & ankle monitor - legal  
assistant said he just needed to bind me a couch... (8/17) <sup>2</sup>

(8/17) its weird (or expected?) to get so manic like 7.  
I did after talking w/ Murdoch (L.A. legal Ass.) because  
he seemed very interested in me, taking notes on  
so much and even excited to hear about the artists  
I saw at burning man (telling me he was and old  
fan of "Chemical Brothers" an apparent band... forge-  
tting I'm in jail or would care about such a  
thing. Mom still not answering phone - so hopeless  
on family assisting w/ my escape? or better put,  
exodus AKA - "freedom". Was "afraid" med's such as  
Lexapro would go against or silence my spirit. What a  
joke! I'm a psychonaut! And how did Marijuana or Tobacco  
help me w/ my purpose - my message! Against the  
churches and for the poor! I do not want to forget  
my purpose - The Truth - my work for the Lord of  
Jords - Creator, w/ the help of the truth & message so  
well disclosed in the most prevalent text on Earth.  
The Holy Bible, and the New Testament of Jesus  
Christ. God is Love. Manic Thoughts: Songs of Anar-  
chy, I am a surviving child - still blind to Betrayal  
Meilin himself, tho'th, Hermes Trismegistus - a mess-  
anger between worlds! Beloved by my Father in  
Heaven. ~ and then after the High corner the low.  
(so I have no free will? does God? did I do any of  
this on my own?) The low & were resolved w/ my  
"argument" against Becca, my Nana, witches of this  
realm. After Solomon gave me some much needed advice  
combined w/ Jesus on forgiveness - The Ultimate!  
(song of Solomon has more "love" than the new testament!?)  
(still need to confirm) although the New is better @ making  
love less contradictory)... "How to re/de-condition" <sup>LOVE</sup> Each  
time a negative thought/spirit invades such as "Adult-  
cry" or "infidelity" or any condemnation I replace it  
w/ "Wisdom/forgiveness/poverty/love" and soon  
you will have a new reaction/response/program/  
thoughts/spirit. This can be done w/ any thought  
so long as you know the center to be true  
... I have already succeeded in going one night - refusing  
the Devil's whisper ~ The tingling STD I was given  
survived circumcision because I am not my penis (my

(8/18) yes I literally blame my father for everything; I learn from Jesus, on the cross - father why have you forsaken me? I'd have cried @ his departure and know he <sup>should</sup> enjoy these jokes, like a cynical Mormon using vulgarity & sex to grab attention better than Pop Cult - Whole Babylon USA; Jesus can do it better! for it's funny for him too, to make fun of your suffering (even if you aren't conscious of it, & your breath). Ps - Not only do I lick peoples cars if they aren't listening - But the best place to preach is in a public restroom. And if an officer lies to me, don't I have the right to return the favor? Ps I'm not anti-government (what a horrible summary) - I'm anti-slavery... Haha - going to more school to learn abnormal psychology? People would rather conspire / diagnose / put-me-in-a-box than trust me as their friend... well, they have the will to power (and trust issues of their own (Lindsey from Ashland shows)). But maybe they are interested in considering Jung more than Freudian / fraud psycho sex. 'The Game' - after insulting the richest people on earth (Bill Gates and Elon Musk) could easily test me w/ a variety of actors / events and more. Like Trumps - "fake base" or crisis actors, sent in to test. Based on the movie of the Rich Guy thrown about w/out his knowledge until finally out a window onto a big cushion mat celebration party. I'd have ~850am - been experiencing much panic today and thoughts of never getting out are really "fucking" w/ me. There's a work in my heart! "The ache has returned but it's not sharp or short lasting it's less sharp and 'moving' (3 types of heart pain - those 2 and a heavier duller, longer lasting ache) happy to see a runner for a split second out my tiny window near the train tracks. Thought of Tyler Bushnell then how I cried about Pufontaine. Sure he thought he was the best at least said it, and his belief made him close to the best. Track Town USA  
HAIRS STAND ON MY ARMS BACK & NECK

8/18 ~Wam- I think the writing throws my breath in  
to a frenzy - from [frantic]  
I find it hard to recover  
and retain a panic that has  
to hurt my heart again.

I believe he is a thought adjuster sent by the DA, and I need to think more carefully about not talking to these very obviously suspicious people. I am also afraid everyone is trying to frame me for something so much worse because of my desire to change the world. Why I didn't think he could do something like this - regardless - I need God's help to not be so sarcastic or friendly to distrustworthy people, and am actually just really sad now about all of this. If they can do this to anyone who wakes up - what's the point? Maybe his purpose was what disturbed my sleep so much last night. I hope they put me on meds - I can't handle this shit. He made me completely hopeless. Why did he have to say that about the maniac?! I must investigate him! But does it really matter, I have no real chance if this is what they want to do - frame me as evil, forgetful, destroy my whole life - I just wish they'd do it sooner rather than later, and must remain upset and engaged against this Demon. I need everything recorded because I cannot even trust my own lawyer or legal assistant. He completely derailed the conversation and made it grotesque! Being "friendly" I made it into an ugly joke - he knew I would turn on my pattern and will abuse my trust! I know my pattern and hate this, they can fuck w/ namblings, I hate this, it's weak and talk me to easily in here. It's weak and talk me to easily I thought, actually upset @ losing chess - how easy is it to turn even my competitive nature into something seemingly sinister. (these sheets are to only be used for dreams and concrete

but flew before hit ground. [these trials are "wise" than Jesus Wilder-

True Schizo - But its purely situational (conditions of jail exacerbated  
and give birth to greater anxieties) HOPE - Nordock admitted the  
abuse of this system on the Pool (8/18) ~ 9pm, received mail; communication  
gives me hope. Wanted to write that I believe the animals on Noah's ark  
were the different types of people, who are actually more animal (beast  
than spirit, yet they love Noah (an alien) & wished to understand his  
transcendental love, despite their unconscious/reflexive nature, and he, like  
Noah, loved them back, more than they knew or could ever know - so  
Noah didn't actually mate w/ animals, well they were animals to him -  
anyways, I got a lot more paper from mail and don't feel bad  
about wasting it w/ poorly thought out sentences. [Hyper Mama]

a slice before leaving, to see a beautiful coordinated group dance  
a girl/woman walks by, "let's go on a run soon" I agree happily.  
(12-1pm) - my left pinky has been aching a lot today, despite massage & stretching  
thinking about how it used to hurt w/ me, I just wanna cry for Luci.  
maybe there isn't a specific reason to cry right now, maybe we all need  
to periodically as an honest prayer for the present Human Condition.  
Maybe this Novel "Born a Crime" is just too Raw... Its interesting to note, that  
10 days 7/20-31 I stayed in Ashland before my "capture", I slept in a pile of Zacwigs  
one night and a pile of deer bones another... not intentionally, only discovering  
the morning after, and I guess I came or was forced to see Zacwigs as  
tiny beautiful mothers of nature (instead of worrying about them burrow-  
ing through my skull), my ears are heavily filled w/ wax; blocking  
much artificial noise pollution (by the Grace of God) some people I  
simply cannot hear, and probably for good reason - they speak far  
from the truth. (3pm) - I do believe it was Becca who gave me the

I almost threw up @ the fact you'd risk my life for what? I was/am caught between a rock & a hard place, please tell me what pains you have witnessed or suffered through. (it is late @ night or early morning (8/18) my chi has risen ever since thoughts of Becas infidelity w/ her own son returned and disturbed. But I forgave and forgot, now my cries go out to my own blood clot, "family" - judge me please - for I have already forgiven you Brooding vipers - but if you wish to understand your sorry neglect of heart amidst great privilege than maybe I will try to understand your improper diagnosis or dismissal of my deepest emotions (8/18) Dreamt: "so that's what religions about? we're all trying to repress our feelings!" the student thought. "No, I want to go, I want to go!" the teacher moved from a sitting fetal position against the wall and motioned up and out the room - the Spirit is not of this world. (I felt she understood, my need to escape) 3 other dreams - I arriving at Talon's house - kissing him on the head but he puckered his lips as if I were to do otherwise, and a dark african woman who was not interested in being physical but who I kept trying, more, massaging her feet. And a sort of a parade, I decided not to attend, after drinking much and seeing and officer of the Law trailed by many others - but I was unsure if the parade or this officer was actually for me. I can't remember what else we were doing @ Talon's, that part was before I departed - But I do remember he appeared in a dream during my first conviction - where I was dressed in a Rainbow Robe before the Benton County Courtroom, succeeding in my case and being celebrated (also wearing my Universe shoes from McKenna and I's wedding Reception - which few friends attended) Talon was jailed at the time (in my dream) as well.

(8/20) Dreams: Parents Garage, Driving seat, Jimmy in passenger when, this is weird I said - probably never drove a truck up this much road, responded. (never even left garage). Driving around neighborhood - huge white dire wolf on hill, deer got into car / left car vehicle (they were near Nathan Smiths house) and we were driving the loop - didn't notice deer until after deer got in. I got out my pistol. Not sure if neighbor - suspicious / villainous looking. Like guard / bodyguard / guy, trust him enough to lay down w/ pistol. Well in hand while deer walked around / on top of me. Sisters changed background photo to one of a hide who had nose ring I commented on. Danielle later showed me small micro green garden she just harvested. 3 Patronizing / controlling / heartless will dismiss being Worried as being Paranoid (Lack of Empathy / sympathy - Narcissist Socio/psycho-path (like my father). I discovered this during my writing of STD check / medical kite "disturb" / worried partner lied. In a panic, it is harder / sometimes impossible to access memories. Feeling the gross animal nature of mankind - the night the guy in the cell next to me arrived "marky mark" I was reminded of weather, and my hair hurt at the base where it connects and the tips. Now thinking he has the desire or has abused someone like that in the past. His attention on me hurts / suffocates my breath and feels like slime - stop looking @ me, you are not my friend" I think over and over, reminded of his cpr comment I have no desire to be around these distrustful animals who only see in terms of sex objects - and am wondering when I will cut off my hair. It is a gift from god, to be a light - I used sex appeal to my advantage or the advantage of Christ message love. But I was not ready to feel the same objectification I did w/ Spencer Stein, now I no longer walking home in my own neighborhood, fear of being raped after a day w/ him. And I do believe men should have to feel this fear of predation, because women do everyday. But I never did have that animal desire to rape, I am a semi-sexual w/ an inferiority complex and had trouble still do if I question their true lasting intentions for me. So Spencer did rape me and I can't remember because I trusted him and was blinded by light. On Hawaiian Baby Woodrose Seeds. So maybe it is true, only the higher class / few priests - have the gift to see on these medicines while the lower class of animals just want to fuck. 11-2pm "ZUPATH" I heard or thought someone said outside... "I don't need your approval, that which I sought from my peers & family for so long - Because I have Gods! Still I want your approval and for you to see the light in my work. Once I determined most to be animal-like Freudian / programmed I sought the quickest way to gain attention for what was deemed more important and accurate than any modern mess age - TO LOVE & PLEASE The case for the POOR & NEEDING Science! defutable truths, I hope you Narcissist using (STOP DENYING YOUR HUMANITY) enjoy :)

3/20 "Kondalini Rape Demon" & "Mother Rape (mom rapes child)" - Aubrey "Rape"  
Fitzgerald, mystery woman... 2:30pm - keep getting brain waves of hatred for  
my "uncle" chiropractor "Gillespie" aka pedophile pediatrician's (dad & uncle  
and nana included) for lack of interest in own families health &  
wellbeing - why the Public sector should trust that, who knows. But  
specifically remember an FB post where I suspect he targeted me  
allegedly as director because he didn't use my name, only father  
allegories - w/ a dumb pic of himself and harsh words about "Daddy  
Moses"... I just keep thinking how is my family and friends so  
dumb to not realize the Vanity and Narcissism of Facebook  
posts amidst our current oppressing and slave sponsoring  
culture of war. Children w/ Degrees, that's all these "profess-  
ionals" of the Health field are "Trust me" they say "I know  
Science"... I also realize I probably had that dream caring  
for Nicole Sheets because of my "Dentists are cult leaders"  
post (her dad is a dentist and I went to school w/ her all  
through elementary to high school - she is very cute / beauti-  
ful / kind / well-rounded. We didn't have sex, we just held  
each other - so maybe I will tell her if I ever get out...  
And I realized from their lack of care for my other art  
pieces, my family is the Problem - to neglect all my act-  
ivism and try to use me as a scape-goat for their own  
neglect of the greater picture / world as a whole - only  
makes them look bad, not me. But maybe Papa is to blame  
for their distrust in Man's earnest desire or conscious heart.  
I was the only one baptized I do believe... of my own choice  
& free will, and earnest desire to live up to something  
more. 4:40pm - the Question of how to forgive someone who doesn't want  
to be and will keep sinning, is not to continuously forgive (well,  
yes) - but you should not have that influence in your company  
for it is like a contagious disease - spreading even if you cannot  
see or hear it (your heart can feel it) so yes, always forgive  
but leave those who continuously trespass for those who  
know love / God / true friendship. [I only Rat on Cops] Mr Clark  
tried to Break my left hand wrist when I arrived in  
handcuffs, and I have testimony from more than one  
inmate who has been retained @ Jackson County Jail  
on and off for 10 years (Matt Hunter) that says him and  
another officer ("Big" and "small" (same last names)) well and  
have been involved in multiple Deaths (5 in one year  
Matt claimed) w/ out any real justice. This kind of  
abuse I learned is common in County Jail. These  
are supposed to be public servants not oppressive self-  
proclaimed vigilantes. [2nd] It is so hard for me to  
talk to someone who doesn't trust me. Asking an officer for  
a key and instead of getting one - "Why?" (Powell complex) and I  
blank out, knowing they don't trust

useless ego judgements / received criminal profiling name "Jailhouse Scribbler" (8/21) The lack of humanity in this system is Disturbing maybe an improvement of the past but no where near our modern (2022) understanding & potential

But realized even my bonding Denixsexual claim (amongst others)

8/21-730pm - he's lost something. He who screams in madness <sup>23</sup>  
- why not recognize it as sadness? Because the guilt rage  
is infectious, it stabs my heart. Haven't we all lost  
something? What's worse than losing your child? Your  
whole family? Yes, I can relate. But I do not want  
to embody hate, because that is your heart you  
castrate, and others as well. We can all listen to  
your pain, while we burn in hell - but I'd rather  
turn this curse into a spell. As I twirl in  
confusion, a whirling musician. For a moment a  
deadly panic, a sneaker wave hits with great  
havoc. Such a force, such a power - to turn  
every millisecond into an hour of claustroph-  
obic suffocation, its like being trapped in no  
a box, (oh wait I literally am locked in a cell)  
but its a coffin, w/ no sun or sky no fresh air  
or water running by. 6 feet under, w/ the Dead  
I slumber, hoping and praying this will come  
to an end. That I might come to life/light  
once again. <sup>RESURRECTION</sup> Less hard and more hollow, to not  
push away another's pain but to gratefully  
swallow - each gift of Breath that we all do  
share. w/ a grateful disposition to not push  
away but always listen to even the worst they  
have to say ~ how could that benefit me? I'd  
rather just pray - than feel your pain and your  
loss, but maybe that's what I need to never  
forget or ever let this happen again. A constant  
pain, a rock in my chest, to weigh/lay me down  
to rest on this place you call home. Grounded  
to mother earth, I am grateful to roam - w/  
a sturdy direction and unwavering complexion  
so that no one, no thing can ever make me  
forget. This center of being. A new way of seeing -  
a pain so strong it will sing you a song. I'm  
sorry Becca, my family - everyone - please forgive  
me so that I might also forgive.

(8/21) ~ 845 pm - just discovered that my phone is apparently not in my backpack (not surprised - corrupt cops - lots of sentimental things - But guess what? I've lost worse - like my Daughter. So why should I give a fuck about my phone. The time spent w/ Becca was publicly fake as fuck anyways. - Private investigator? DA (corrupt?) corrupt cops? think I can't remember? Children playing w/ peoples lives - justice system, holy shit. It's a public health crisis and they want to pretend like these crazy criminals choose this. What the fuck. (8/22) 5:20am - that neighbor literally mumbled and screamed all night. after banging on door and saying please stop he just keeps going. And I'm the asshole for getting pissed because he keep obviously is severely fucked up in the head and the guards don't care at all? he is in the all right next to me (~~the~~ my left) (EAX-N-10) they said at least one guard lied and said they wouldn't let him. continue that was yesterday morning after he yelled during our break room. It's like when you get mad @ a baby for crying but it's worse because I can't hold or feed or find this babies mom. Why would we ever get mad @ a baby for crying? I had stronger earplugs than this. I never remember Lili's chest making me this upset, maybe another family member's child or one in a space (public) it's because NO one should be sitting around while a baby is crying. Literal torturing even w/ ear plugs... ~ 6:15am - discovered I cannot hate my brother 1 John 2) Talking does not mean I hate, that is how they silenced us, I'm sorry I love you I love you are my brother, these guards are not. 6:30am - I guess I should add that last night after a guard asked if I would hurt myself understood why I didn't trust him and the other guards lied - and he apologized for not getting my earplugs that were "sending" on 8/15 according to med records/request answered which I do have. -

7:30am (8/22) - necessity for solo day room - do not trust guards or their <sup>27</sup>  
attempt to convince another prisoner of a violent pompous ego to do me  
harm for infamy (w/ the tool of a guards doing - so that they might  
evade responsibility) The Lucifer Effect and other real examples I  
have seen of this. Camera of white guy allowed in w/ huge knife to  
stab @ 3 handcuffed to a table (helpless black men - obvious race  
fueled hate crime) and w/ the lack of response to a cell mates constant  
cries - and the guard who just looked dead inside when I asked  
him to do something "no". Real torture, real evil - I do not hate  
the guards but the thing that pushes them to abuse  
their own brethren. I also cannot concentrate on myself  
in a loud room of "jolly" prisoners. American disability  
act - kite and phone call lawyer. Even though I was  
excited for Day room Bible study, I doubt they are  
actually interested or my friends and must trust  
god on this / my own intuition - also phone call suspicion  
of not sending kites. 12am - "Beehive Culture" I saw before I  
went poop and flushed it down the loud torrential industrial strength  
10 gallons per flush jailhouse stainless steel shitter, "To Shi balba!" -  
I just realized the other day that the "Jesus loves you" scribbled  
on the ceiling was meant to cover up "666" which they turned  
into 666 and even a 666 (chaos / mapped into pattern) ~130pm -  
while eating, in disbelief they gave me meat (cow/beef) while  
serving it on a vegetarian tray and looking guilty awkward  
as they did. What children to test me or the idea I might  
lose the voice of god (OAHSP2 ref.) I did not fear or bother  
wait but my heart hurts w/ the flesh-eater to panic &  
much anger @ neighbors talking (A thick / closed heart  
cannot receive) I thought the sound of their babble so  
annoying and pointless / distracting from my own "larger"  
= "more important" issues. Like my stolen phone & what  
I plan to do. It's interesting, walking in complete faith  
is walking w/ out fear or worry of misdirection / loss of  
memory. I don't need to plan the day ahead or to "be  
in control", but even as I can't finish my thoughts on  
this - anger returns and I whistle to block out what  
I think are obvious lies and that guy - tall skinny  
bald - the killer from my dream "Skinnhead" showed yesterday  
maybe that's why I'm angry - he's blatantly lying. His words are  
not true. No open mic comedy sketch - Puppies culture than you  
locked up! That's the real crime! I want one to rescue lonely AF

(8/22) Social Security for my Solitary confine Benton County Prison  
other Prisoners getting 800/month in restitution. 10:30pm  
a dull moment in this area. Currently the loud guy right  
next to me, who never leaves his room, and who was  
mumbling much yesterday and last night mumbling/roaring/  
screaming - is now smashing his door in. But it's been  
like a zoo lately, w/ everyone making noise lately. Once  
I learned how to turn it into a joke w/ my new  
friends - it became a lot easier. And because I don't  
really feel like I "need" to sleep (having accomplished  
most things - kites sent, people alerted of my fears -  
nothing left but to try to get my friends to reach  
out through theirs so that I might be able to  
contact, first my sisters, my fiancé, Aubrey Fitzgerald,  
maybe Jimmy/James Cleary, Veronica Twenge, I don't  
see them in my dreams lately. Also realize my  
drowning dream was probly because the vessel (Matt  
18:6 (millstone kneel for those who cause children to sin))  
I sent to the Chaplain w/ my fear of murder by  
guards. This whole pod is going on a "Sleepless Trip"  
together, thanks to this guy. I'm not bothered any  
more cause like I said - I did as much as possible  
and can only hope the guards actually delivered  
my kites. And so now I'm "forced" to make friends  
to contact my others. Offered a music video before  
I thought of this but now my big black manic  
bipolar gangster from Florida might be interested  
in spreading the news (\$5k bail for 5 independ-

short buddy and him could also help contact for  
free (fiance & sister) hoping writing will help my

challenge of sleeplessness - I feel up to it. Cons-

who are traumatized into it by trauma from

Not only that but I was told my first call is the only to answer it's not, and I'd didn't buy my friends too much about calling my mom for me to but other \$15. But I should not hope too much for anything - and return to my paid part conversation mediation. (Inevitable search and seizure - 4th Amendment right (they stole my phone))

I guess everything just waiting for me to give up hope and accept the world by it's 5:45 pm - dinner and a movie - The whole computer has been searching at with "eat your soul" situations "let's try to talk now and then" with "Acquiring network" on repeat like an alarm... that it screaming in - 10:20 pm - the chair is still going everyone else seemed in - 10:20 pm - the chair is still going and demon on way even refused help from the Mental health lady. And I try to say the words are steeper than him for putting us through this. He might be retarded but maybe torturing us by allowing him to keep screaming "Bullet hit in our chest for 2 fucking hours. (cont. 7/23-7/25pm) at said shot more than that about him not knowing love or God, being and unmerciful and infectious spiritual demon that almost let all to hatred. But then I moved it (my hatred) to the guards who do know what things doing and how much we hate it - and torture us regardless. But his claim that he loved us really triggered me beyond belief. But I really cannot stand to listen to that much BS, for that long. Its not healthy to let the devil shape stream blasphemy all day (even someone speaking the truth all day looks up of our own voice & our ability to think for ourselves - and maybe that's what I media - radio and TV have been doing all along as well as continual national and moral "conspiracy.") No one has wants his voice in their heads and that guard are sick for allowing. But maybe my own voice may (EG putting 3 other abandoned him so should we let all media together, for the sake that the UN Convention go mad & repeat this forever continuously (would they not be repeating their own propaganda?) it is not the fault of information but of how we hold ourselves in the Darkness. It cant believe it even considered its blame myself - at least helped expose the problem, and I hope exposed the solution as well. self sufficient, no freedom high security video and corporate monitoring behavior analysis, prediction & means for how things serious criminals can actually be warned if they still have some & let - and if they can't come for themselves then we are doing them a favor The state should only exist for those violent enough To leave a future culture of peace. It does not have a right to manufacture violence by its own ignorance real life/death. As the state is upheld for the worst of the world but not until a real culture of people re- of others manufactured crime & poverty (and the cycle continues)

I am so grateful - the guards responded to my <sup>32</sup> yelling - my inner place has returned and I'm just sitting / lozming / stretching in my cell so happy. God: David (by way of comic, about an hour earlier) 'I have a plan' (my Sunday comics above my sink - stuck w/ my vegetarian dish notifier in the place of where a mirror would be. (8/24) Dreams - many - Building tiny/medium house 2 motorcycle 2 girlfriend 2 Epstein jokes - 5 yrs us on need - all - had a lot more 12 neighbour 2 family - mum 2 sister 2 kid like you want to run w/ me (exercise). Now (8/24) 625am - the last noise maker to remain is definitely the mildest of all, a "yodeler" is a nice way to put the random (early morning and sporadic throughout day) noises that actually sound more like an old lady running from or being tickled by a ghost. These noises are not longer than 10 seconds and happen every morning but sadly make me laugh because of the startling yet harmless sound of them and I've never heard them before. Talking to other cell mates, apparently none of these noise makers (4, 5 & 6 counting the first 3 I met/heard during my covid quarantine (8/11-8/16 in 2 AX-M-6)) were like this when they arrived - likely developing it as an effect of solitary confinement. [SCIENCE Q] effect of celibacy on healing rate ('senescence') 5) sleep quality 6) emotional intelligence 7) empathy 8) communication 9) sensory perception 10) Breath depth & rate (heart) - (my left hand, is feeling very strange despite being more than 3 weeks since officer Clark smashed it upon my arrival in Jackson Cnty - left thumb, left wrist bones, pinky & ring finger acting up) 11 7am - sent med kite about left hand pain, officer Clark & stolen phone (Need to remember I have high pain tolerance and be okay w/ Dr's disbelief, my father doubted my broken fingers on this side and did nothing for my broken collar bone - while I as a child, him in his 50's got collar bone surgery...) always nervous their disbelief is something to fear - And apparently Tarzan is in the Pod next to N, another noisemaker but not lasting only usually once in later morning (lights on @ 5:00 off @ 11 even though we have almost nothing to do in cells (should go off @ 7:30pm & on @ 7:30am) another "dimmer" light is always on). 7-15am - sent 2 Kites just to make sure. Now maybe Lane County will hate Jackson and officer Clark & know about stolen phone - added Lanyard evidence, attach to belt loop. Don't care if they don't believe the Truth - 10am - Discovered my mom's phone is changed or does not go through (William Aaron McMurry's girl tried) Sorri arstony got his girl to FB message my sister Nicole, so there is hope. Still no response from Lawyer. Dr Megan Banta, maybe Sorri will pay \$2.50, he added her.

I don't really know, I am probably inducing myself or being 36  
induced into a psychosis. I think I can handle it I'm  
just curious about it all. The guard switch is every-thing  
I thought many 'demons' were restless & traumatized  
children/adults who never could sleep - and now I'm being  
indoctrinated into this 'dream time' state to bring  
some form of order to it. The real mediums are in fact  
the sleepless. For reality begins to act a lot different.  
and I wonder if he was honest about sagging  
since I've been there my dreams have been a lot  
better. because as far as I can tell, William memory  
told me he had a horrible dream of a black wolf  
coming after him & his brother, (my love 2nd night toget  
her? He keeps going to his cell early. This must  
all be an experiment into sleeplessness. I hope they  
(8/25) 6:15 am... 2 notable dreams 1. In Pink Room w/ Shira - she  
was literally trying to eat my face (and it actually hurt, she  
has confessed to eating vulture & eagle and I suspect she's  
a part of a darker cult and even ate her daughter in worship  
to mullock) I pushed her away and upon hearing my father's  
condemning voice/persecuting, I left out the back back door  
only to find in the garage my mom celebrating her new vehicle  
and 2 of Chris' vehicles. I was upset w/ my mom (too late now)  
I must've thought... Chris did appear w/ my father and I  
now realize these 3 are responsible for any claims of me  
being 'Satan' (Chris a Satanist since Eagle Scouts (well  
that's when he came out of the closet) Shira since I'd felt  
seeing and hearing of her dead animal rituals, 'art studio' filled  
w/ bones, dead snake, vulture wing and feet, owls (this is not  
respect to Mother Nature) & my father, an unconscious  
compulsive liar since who knows how long) the other  
dream was a positive celebration music fest. a girl like  
Angela from Seelover came to lay on me w/ her kind asian  
girl friend who loved me. The Band was suspicious @ first  
(like the crazy red head from the Gaby band night) (now  
just realizing the band members stood of punching a  
man doing the Nazi salute didn't actually help the  
case for a modern or past holocaust (he just did it  
for self-damage) otherwise he'd be a real activist) & upon  
these dreams & last night I understand if  
I were to really be a holocaust survivor these  
conditions are nothing but minor resemblances - espec-  
ally the confusion of lights last night. Also w/ my fear of  
people/the masses actually wanting to eat and drink my blood =

still waiting medication. Moved to Protective Custody but the guards seem the same. I just wanted a Kite - at least these ones gave me a Kite unlike the others who acted to want to kill me and frame it as a suicide because I know the truth. Now they took my phone and I cannot access contacts or talk to family since I've been in jail (21 days) I have a pregnant fiancé and children I care about but apparently no one cares. At least I can leave paper trail of the Truth that Jesus and Science know Love is the answer to plead for the poor and needy and speak against modern slavery and the Churches and other institutions profit. — this is probably the safest place for me and the real reason I'm here... remembering from Lithia Park, the same guy who saluted the Nazis - spoke of his own solitary confinement "the guy in here" \*pointing to head\* - finally became real. And Aubrey calling me a "Jew witch", combined w/ "The Angel of Auschwitz" book and my own pic to Shira "I'm a fucking Holocaust survivor" - now if I always was a medium, that instead of externalizing spirits, internalized them at my own creation thoughts & ideas (maybe we all do that?) then I may be in fact "possessed" by the "Jew witch" essence (from Shira, I laid on here death bed) comfortably w/ Ate Hana as I tried to plan my next moves (McKenzie and Luci were gone by then) // Because in a flesh eating Zombie apocalypse - a jail cell is the safest place - until I desire to escape - but honestly fasting to death is probably one of the most peaceful ways to go. And if people (who are more like animals) thinking "magically" and "satanically" identified me w/ Jesus or Satan or any high power would actually desire to eat my flesh and blood for my own "power" or ideas it will help them live forever. and maybe the Rich really have been living off of blood for hundreds of years and the story of "Twilight" really is real and I am Edward archetype & "the Good Vampire" - still have yet and never will drink blood but maybe my family has and is apart of something darker (Neo-Nazi/Bloody Mary/Tudor's stories bathing in Servants blood) so being raised Christian while coming to terms w/ real history will make one paranoid AF that Satanists intend to sacrifice & eat me just as they did to him. "We'll all gonna look like this soon" - Guy wearing "The Fool" T-shirt w/ a buffed blue guy surrounded covered in eyes. = PACE ESSE'S LOAD - channeled from cross word puzzle (see page 39.5) given by kind mental health lady wearing Frida shirt last night (8/24) (TODAY IS 8/25 THO - TOP of page 35 - BENTON COUNTY OWES ME A 9MM. AND NOW I'M IN RAGE @ What BRRATT behavior my father in law taught my daughter - & how long it will take to unlearn violent maladaptive traits he taught her. Maybe the funniest part about this whole realization is it didn't come until I got poop on my finger (very thick & sticky) and almost got grossed out w/ myself until I said "WHO CARES" it's my shit! I should be proud of it! not the first time I've touched it, and it's mine! why am I even grossed out by it, maybe I should inspect it. But the WHO CARES immediately reminded me of the fa meme I created - The real 2 - why does no-one care about child slavery?"... my middle finger still smells bad after much washing and I think my poop culture is in my ear now. But I also had contacts on the paper-work in my property bag and a phone it in my religious book "Hagymal" - unless those things are also "not in my property bag" as well

Please allow me to access my paperwork and book from Jackson County to get contact info ASAP so I can talk to atleast 1 person outside

5:55 pm (3rd) haven't yet peeped today and never all the 43  
 spoon talk w/ fresh story - it worth spoon, it was my life  
 story and he was already paranoid on some organ holding  
 guilt. (also) 5:50 am got caught holding onto the ability - you'll get  
 your mind decent. "idle" it thought you were trying  
 to make me take it, it already got it. I said 3 bites - I want  
 to read about it first like I said, and a problem child as  
 just living up to what I said. Would matter though if  
 they don't get dependent, be more upset about the "idle".  
 think the (see) (Zoran?) & ex-ams disappointed me. I don't  
 get getting out of it at the pace I don't want it  
 the road that still has its effect on each morning...  
 what it is was too sleep and forgot my promise. The  
 night - face at the back of my head (was due this morning)  
 mind does - forgot my trap. He really didn't surprise or die that  
 I liked him. I'm sure he's still (see) (see) that said yet  
 it would take the ability - which I was surprised of the  
 card but now it makes sense - not swallow it, but take it (and  
 not want to get in my head - probably the pleasure) need to  
 eat more w/ those much. Probably a distance on my own -  
 and it's all at the front of

note headliner - more than anything and it kept to get to lunch for me. 6:30am - bad headache from head moved up in forehead! hospitalized - really should just take the fiber. Do believe the other media conspiracy? contribute to Retention? I was advised.  
Now 6:30am getting "Christy": 10:30am - think I will / should definitely stop during the next tomorrow because of what happened in the Day room w/ Mr. Spake just talking about industry fuel cells: triggered me, talking about something he himself can't build and as if everyone starts talking about it, they can't tell what's real and I tried to say "as if it matters, he doesn't have the attention span or resources to care something about my life work, civil rights, more necessary just to survive. Maybe he is Mr. Davidson. Regarded it was triggered from pleasure, inability to shut or his lack of faith in ability to solve or know love in any circumstance from him? unfortunately quoting "The Bible" said to state himself: "and why to break the law" - that shall not fail" and even the blasphemy he distrust as biblical.

II - USED TO TRY TO REMEMBER the whole purpose of my spirit and deforestation (if people are focusing on me, or judging my spirit out of the theme meeting, the point, the point is to love and modern slavery? well, speak up - plead for the poor! It'd begin to come down and feel "I want" for long

I had my phone attached to a bandaid recording

5:30am (8/28 Sunday) Dreams- Driving w/ some guy to visit past homes / property. picked up a pump & portable washing machine sitting by creek. 10 other & girl residents seemed nice as walked by but that nails through sky saying something about "revolution" - none hit us (construction nails shot through gun?). Only EAX took fiber this morning. Joseph Story said yesterday (as he talked me through my reactive rage against Mr. Snake piss) someone told him he should use his last name as rap name - he said how lame - I said "The stars and the stories, forget about your worries. Because in the stars are the stories..." Snowflakes standing still amidst the flurries. Guardians shining bright lights, watching over our darkest nights. Stand strong you belong in a Grand Universal/Galactic Song. Someone loves you though you doubt, trust me when I say even doves do poet. 11:20am - experiencing a lot of panicky/claustraphic feelings today, worked out good this morning, wheezing - think my lungs are destroyed from this air quality down here or the meds, didk, haven't been smoking or wheezed like that ever. stuffy nose and slight prefrontal headache / fuzziness w/ clogged/waxy ears. The Locker effect 2.0 - 6:10pm - sitting here, crying @ some passages from "Chicken Soup for the Soul" - stories of faith - had trouble concentrating on "the Sparrow" - beginning to think it is too slow & dark of a novel for me - honestly don't think it's written that well. Anyway's point being, reading the Bible got my bowels moving (hearse joke "Lucifer Experiment 2.0" Remember "THE BIBLE IS NOTHING w/ OUT LOVE" (1 Corinthians 13) (Matt 11:6)... Seriously though - reading Proverbs - looking for passages on the Poor and our obligation to assist and remediate manufactured Poverty. 8:15pm - as I read out loud to maintain my own inner voice/sanity amidst loud neighbors - I realize this also to be a cure for those cursed w/ submissive like Carol retention and in order to claim your own bodily autonomy you have to speak out! and that by being silenced another has repressed an ability to feel ourselves safely - always looking for permission. So like chanting / PAU Ming Pete, loud or constant outbreath and expulsion of CO2 and emotional baggage (clinging onto your empathic / sensitive body from the surrounding - traumatized & desensitized environment (humans feeling 4 people)

Repuesta: Mr. Barrett,

As we donot serve beef personally it wuld be vegdific it to be in your tray, Our Textured Vegetable Protein has been known to have the characteristics as beef and I do believe that is what you had for lunch, we do have seasoning that enhance the same flavor as chicken or beef, I am certain that you did receive poultry or beef in your meals also if you eat all three meals daily your average calorie intake wuld be well above 3000.

— (3/31) 9:30am - So to live in fear is good because if one knows how to channel the extra life force energy (by breath & other meditative practices) being more subtle and responsive to the environment / in-tune - Survival mode is only unalterable / irresistible to the domesticated man who lost his indigenous / animal nature, where this state was one of our whole life ~ w/ out a "State" to provide "protection" of hypnotic ignorance to the threats and feeling nature of life on an everyday basis. These people have too many childhood traumas - repressed and/or generational lies / false narratives that the domesticated man only uses 1-5% of his brain because living in fear is too heavy / undesirable and unknown since one was hypnotized / conditioned out of it improperly possessed by a false authority whom they submitted to trust. Freud admits that the ego does not believe in its own ~~own~~ death. So the ego must be a product of domesticated society / The STATE, then one prior and core to the ego - which it never a stationary or stable thing - it would redefine it as a mis- understood combination of the soul (part of former life treatment / influences / genetic predisposition) & the spirit (collective ideas / morality / ideas / imprint) - But back to Freud's claim - & the Benefit of being the ego's false belief, using 100% of your brain by "believing" in BECOMING content with Death, every instant of everyday. Would you not forsake all attachments for the eternal spirit? For not rid the soul for the eternal spirit? For you not rid the soul for the eternal spirit? For being - writing of the collective. For the Survival of your species (Being 100% conscious of Death not be as "productive" as being 90-95% conscious of it) (10am - interrupted mid-writing to X-ray my left hand. looked fine. In low ALA. But back to the levels of being conscious of Death maybe 100% is Buddha / free - variety of ways - discover that one needs to do nothing -

I have two ventilation fans in this cell. The air is not circulating properly. I have been in the East Annex already for multiple years on the issue, harder to breathe and sleep here.  
Thank you for considering.

Since I arrived and since protective custody.

I tried Mental Health w/ no response. I wanted to read about the 2 medications I was recently prescribed: Lexapro and Abilify. I would prefer a full wiki page print out instead of the standard webMD summary - as I believe in multiple references and open source knowledge. I denied the Abilify and accepted the Lexapro because I know Lexapro worked for my mother - but have no knowledge of Abilify - which I am not opposed to taking if it can just read about it first. I know a lot of psych meds can have long lasting effects, and have had negative experience w/ some in the past (hallucinations on Propanolol) I also think informed consent is important. Thank you for considering

need my family's # I can't believe this shit. It's that hot in here! That's what another brother said. After Joseph singing but I can't really hear it too good. Everyone's an actor. Saint John Chrysostom lefted to Saint Olympia. Oh my, now it might seem weird to follow up or parallel/in-Tandem w/ our spiritual reading. The open mic joke and act of eating your own feet, just for semen. Now it was exposed the sexist nature of this fellow brother, for when asked if they would do it to a woman - "Don't another catch 22? Overen just got whooped in a football game - swear my actual spirit traveled to them last night at also they heard me shit talking Mike slave labor... I don't believe everything you need! "Mr. Snake just responded making fun of - copying my prior joke or punneration about their history in the "Mortician" playing w/ his own pop to to speak - and the Google search Result for the matter: not that bad to eat, w/ no parasite or products, everything was already is already in you. I'm a scientist, I shit for myself - don't believe everything you read in scholarly work. "She (made prior to the slave joke) TRUTH of Nive and Eugene (Eugen)? Was I just "scare" everyone in here after I've checked to medical (they probably got the shot in their ear too) now symbolic and literal of metaphors for the artistic America. I scare them by making jokes of sounds of celebrating shouting. "Yeah Bo!!" Oh I added! "Boo!!" Mmmmm! Sucking notches and cory course "momm!" followed by admittance. And it's just too fun! I brought up the Durabonds in my scientific defense - but also claimed hegie was better and probably why my pins taste like popcorn and not Snake pits from my Latin who practice avoidance - faultily - Joseph recognized after a total him of my suspicion of the Planet. "guy - he like w/in the Day left. Pounded @ my city and mountain den suspicious - was edgy to buy off people like that? I almost cut all my hair off today but Joseph screamed so much about it I just did the self-mock... only I attend came out.

(9/4) ~ 6pm - it feels like the dream is really dying 70  
9pm - open mic success, explaining: Lawyers worse than Tax  
collectors. Authoritarian police state not the flag I pledged  
allegiance to. "communist" etc already wrote this. then explained  
(not in this order...) New speak concept and truths easily apparent  
provable, by their very definition. Rats & the police state. Now  
I'm calling everyone Baby Bird - #7 (ma Snake pit) lost  
the battle of bullshit to me when I followed my own  
joking/passive aggressive advice "just close your eyes and  
Scream"/cry. I'm gonna turn into a Bumble bee and fly  
away. Let's start a choir! Trauma bonding! oh wait (back to Rats &  
snitches & police state) conditioning distrust & silence. I cried like  
a baby and the bad parents just yelled @ me to shut up.  
Earlier "Smokie" weed all day everyday - getting a witch - could  
be w/ anyone smokin that much probly now just did it - I said  
I could overlook anything when I'm that high and swallowing  
Sermon mystery & sexism all across the board, gays are sexist  
straight people are sexist etc. Let's start a choir can you inquire  
like a Squier balancing high on the wire Tip Toe Tip Toe oh no, there  
he goes, is he there yet, is he there yet? Splat! hope. Everything  
seems brighter & more colorful again like the day I sent  
the message to the chaplain. Bumble bee mormon Catch 22 -  
they seemed to forgive & believe - but I only made a joke about  
the sin - I'm a pretty modest/prudent guy. I thought they or  
any spiritual group had an obligation to hear what I had  
to say and to protect/provide provisions more reasonably  
for homeless me. etc a catch 22 cause I use their language  
and am their "demon" mascot whom they refuse to respect &  
give credit to. (9/5) 725am - Shouted in my undies, diarrhea  
all bubbly & nice did that during a fast day 2 has begun  
- yep someone let them know I shouted and need new undies  
left them outside. 145pm - mental health sergeant/Deputy  
came to talk - said in his 24 years they've never killed anyone  
one (I re: "not that you would admit") ~ Asked about (clarifying  
clearly what I need (note to remove from PC status) I re:  
ORS uses more confusing terminology than me - but will  
work on it (Newnew speak - simple, efficient, timely for an  
age of reduced attention spans) also in Re: to "never killed" -  
"technically" but from lack of response - such as Saturday Night

(9/6) 3am - the mental health rep who came yesterday used <sup>72</sup> the word "I don't mean to be grudge you" after explaining the difference between these guards, called "deputies" & typical prison guards, after ~~massaging~~ scalp in I had recently used the word in opposition to negative thoughts of me writing "beloved" and vs. "be grudge". Now my head-ache is less and conscious breathing to relax the jaw tightness/tension which was also apart of the / fasting? water? lack of salt? etc)? I'm considering postponing my Breakfast just a lil longer however, I'm not terribly interested in Essene Raw Vegan food diet - but had been very annoyed @ the lying and lack of responses w/ everyone here. "Friends" (new its old country for No men - seeing as no one has the guts to be a true friend ~~to~~ P.S. honoring your presence among us, what'll you have, Ham? We won't ask nothing but the <sup>privilege</sup> honor and - 2 Ron Hubbard Reign of the Gila Monster - aka I'm floundering & the dep. of justice is the Gila Monster - now I am positive, people are more likely to believe me in court than any of them! ha! - lying to a police officer? now about lying to citizens - you big scary Gila Monster! Great book w/ The Baron of Coyote River as well w/ an ending I'd like to hope to be mine as well (deputized instead of hanged) @ the last minute - Shadow Hawk by Andre Norton p7 "the kush were like ants decided Rahotep, the young captain of the snouts..."

9/16 God put me in a sustained panic for his pleasure  
for each pattern forgiven before it leaves my  
memory in excitement for the final bigger picture -  
Remembering at a burst my little 'anatomical' to reduce  
the confusion of love: 'Let the spirit be' -> do 'high' 'low' '3:17-15'  
spirit of each but of god's - do not have the earth or 'concrete'  
all seem to contradict Christ the almighty - but it actually  
to not revealing worldliness - for that itself is not  
love - does not make the literal world or people of it -  
but the devil's evil/terrific w/ out love or faith spirit  
that comes and goes through many causes great de-  
struction. This panic is a quick old 'manic' elated  
breath which is like the fear of losing something  
precious - a loving worry - not to be disappointed or  
unreasonable 'Paranoia' - for a/and - we all can listen  
so long to the fast heart, until it exhausts over  
ourselves to have a trained endurance which gives  
me a more attentive / humble / enduring / courageous  
ear - yet like Moses <sup>Exodus 17:30</sup> my mouth / lips are not covered  
for whatever reason - glory me to god and remember  
me of due diligence / silence / withdrawal / hiding  
when I lose much control, for I also sense the  
heat I cause w/ such words - and an a priori to  
appeal for a experience (often attacked each time  
after - like a whispering in a waking dream - and a  
been they might feel to attack in such a way - in  
the real world as well, causing my heart  
nature either from my own perceived offense which  
I try to apologize before it riddles/sets me

to clean shirt. (9/12) 'average' written on tube all too. 74  
Concerned about #7 threat, & gave him all my  
contact information so he knew where to find me  
but I know nothing about him, STX 1N7. arrived.  
at home country March on May. said 'I can't wait to  
see you when I get out of here'. Yes! this all says -  
'I'm 2 or 3 too' - I was meant to be here, but the smell  
of pine on the mattress is disgusting. They don't like  
the Bible? & don't like the T.V. Fake kids bullsh\*t  
distract them from what matters, each other, what's  
in our hearts. Just in a Methodist Baptist house, kind  
open to some 'unincorporated' and w/ the word,  
done happy James clearly actually answered! What  
a day. ~~Seated~~ sent a letter @ 6:10pm Telling The  
Smith that his employees have not been standing  
all my life - and to create receipt to fix the  
problem of altering communications: and to go to  
the Stanford Prison experiment twice effect.  
I also said of punishment for reading the Bible  
better not allowed to clean [moved to new cell]  
maintaining the the spirit of Paul 'god blessed'  
10:20pm - it is amazing how simply receiving back the  
former uplifts my spirit. There is hope! I seriously  
feel like the church are meeting w/ me to a horrible  
degree - until I meditate & accept this reality of  
brotherly hating & abuse - listened/relating w/ the  
prayers brothers of Joseph the Dreamer. I am  
seeing the Defense - & better put: Crime against  
The first Amendment (# protected the 1st (free speech))  
as 'letting others to violence' - not wait that what  
they might easily say to Jesus? Or he should have just  
kept quiet! Well 'you told me' 'warning' & action  
it was Becca - to be a better demon than them -  
explaining my private children outwards to  
maintain my inner voice / peace / understanding

75  
the new area I was moved into. It allowed me to see things in a whole new light. Some crazy guy jokingly saying "who is that? Climgonne get you!" repeating it in a silly/dumb voice w/ no response. And I wonder why I said that to him or why any adult does (word itoring) and then I judged & hated my father in law for not caring about the world and just getting drunk & making money - but then as a homeless I realize I would be experiencing of the same - although I believed I was spreading my life work and an important message and living more spiritually pure w/ little to no belongings. But I know I could have done more beautiful had I not been entertained - and so this all happened for a purpose to bring me the fire & motivation and exhaustion to truly live w/ faith. Even though I still feel caught between a rock & a hard place (wanting to preach the truth and a message for the world because it is not a place for my daughter. But not wanting to <sup>be</sup> self-sacrificer or be just another activist martyr). And #1 really seems unable to tell any truth (looks like basic emo kid - goes by Jordan) but then I think what is he's actually possessed and some Gothes actually did and still do drink blood. How returning to the dream or idea that the witch who possesses them speaks to me and I am to self reflect on these weird trials where they screamed as loud as they would and you're Gonna Go To Burn in Hell! "You ain't that the Gothe's fear or father trauma from the world & Bible? I don't actually believe anyone will - I think being here is burning in hell (reincarnating) but now I realize the fear that comes but when you preach such things and I apologize but also

have something more real than that false <sup>76</sup>  
and manipulative doctrine to share. But how  
can I not "hate" or fear the Satanic blood  
drinkers? And the images I saw of demons  
feasting / nashing their teeth - must be from  
the Gothics imagination who is possessed by  
the inability to speak truth - and how many are  
like that? that were actually scared away from  
it by bad parenting or other fearful condition-  
ing. Compulsive fears, how to heal the mental  
disorder of never trusting another enough to  
trust themselves. The Bible actually really  
scars some people / "demons" but is there fear  
their fault? So Jesus understood & loved them  
but I am not that loving and cannot be so naive  
as to try and confront or deal when I have such  
an Uncircumcised mouth ("possession" of my own  
inability to control). I must write down that  
~~when~~ shortly after first arriving in this cell  
I heard the loving Prayer "I miss you" and  
thought it was Jimmy thinking of me as a kid  
and currently "lost" - and I cried until I saw  
a moth and realized it must be Becca or my  
sister Alexandra or someone who knew the tater  
and I do think the apocalypse is initiated  
more frequently, when I'm alone or distrusting  
people. This taller bald skinny guard initi-  
ates hopelessness - for he would have assisted  
but didn't and he also neglected to pick up  
my diet kite. I see him as possessed but maybe  
that's how he sees me. Still to make one unable  
to clean a piss filled room is kinda sick  
or just "brotherly love" for my own brother  
did much worse / similar evils of locking  
me away and laughing @ my suffering.  
hmmmm... But we "were just children"

It doesn't matter if they BELIEVE I'm 77  
lying because I have NSDg and thank god  
RIGHTS to protect me from "beliefs" like the  
need for real evidence (DUI case) and the right  
to free speech (claim "rights to violence" / punishment for  
needing the bible) and I better know my evidence  
out weights theirs! But now I am realizing w/  
such a mouth and poisoning ears to blasphemy  
or destruction of my own ability to concentrate  
I will not do good in Prison while I am reading  
along below (necessity to share all having)  
Detail Dream Vision: I'd burn up stamp teeth → I'm dead

was checking on? It seems like an act? everyone seems like

fake chastisement and fear of Being Recorded... The

the Sheriff or The Tall skinny Bald guy looked like Gully

nightmares. Becca as a Nazi officer who abuses me in the style  
like Aubrey but worse, 2 54 on her chest tattoo and using fake lbt  
and slt commands to condition/control. Alexandra said tons of people  
dreaming about/nightmare w/ her. Hate got w/ her. 2<sup>nd</sup> or 1<sup>st</sup>  
dream, guard said I was being released then took me to a  
cell contraption and put me in a thing to twist my bottom  
half from my top... probably another Nazi in past life  
- Becca. The Freudian symbolism is control/separation of  
the sex desire/forces from ideas of love. Haven't had  
nightmares like that in a while. Was feeling that guard  
all night though. The guy the Guard was talkin w/  
conspiring/probably helped him and a few sneak in  
here screaming "cl'm gonna fuck you in the ass in Day  
room!" now "cl'll suck your dick for a Cheese Burger."  
It seems too much like a joke to take seriously -  
some creepy deep state satanic jail house runners...  
(running the jail friends of the Sheriff for  
Sheriff's minion or of the whole effing Cabal. 9:05am)  
Sent kite to mental health: Uncle Fraud / Freudian, using  
my own art experiment to diagnose me. My own hypnosis  
interest since childhood and past 2-years of experiment  
and sent another kite w/ 5 main psych references -

places 3. Authority & control Milgram 4. Conformity experiments  
(should've added Bystander effect) 5. The Myth of Human  
Nature and its effect on Peace Activity. Then a plug for  
my Archive.org account & FB. Sent w/ other kite.  
I also said he is a Psychosexual Freudian & I am a

team up w/ the bald guard last night to harm

who were in here saying whose got a lighter? I got  
tons of weed STFU! and then like 30 min. later  
pounding and screaming - "you're gonna burn in hell!"  
and the same bald guard is on duty tonight - he  
made joking/loving motions - "I see you" gotta go check

thought / hoped he got fired for my nightmarish  
thoughts and <sup>NIGHTMARES</sup> dreams of the matter of him trying  
to move me somewhere @ night w/ another guard  
and do whatever sick shit they want. I guess this  
is the "Reform" I did not hope for or imagine because  
the psychosis is brought on by the conditions alone  
in my experience/opinion. Primarily for me - lack  
of access to tools / record keeping and beneficial

(9/7) Drumming and screams in the night ~ entertaining exorcist shit as I sit reading the Book of Mormon & a loud song accompanied ~ me writing these last lines - screams coming from

many different ~ the whole shit is being exorcized 1130pm - trains were honking. Vomiting & other abominations ~ bam (9/8) The most disgusting man in the world (named Seth) woke everyone up w/ "I'm gonna fuck you up faggot, I'm a homosexual! I'm gonna knock you out then knock you up! In your man vagina and you can give birth to my baby!" for some reason all reasons rape isn't a funny joke.

9/8) Angry again @ my Uncle and all psychosexuals 80  
who neglect socio-spirituals and I must remember  
them to not be upset @ anyone who is jealous and  
steals "my" work for their own eventual infamy for  
all things glory be to God. And I heal or do  
nothing of my own but by/through God alone.  
So for "my" academic obsession and work  
to be misappropriated by the same family  
member who says of Quiludes & I believe raped  
me as a child - to also rape my own lifes  
work is not my own woe/story but a collective  
mishap to the Natives and unfortunate -  
why God allows this colonialist white man  
nightmare to continue is beyond me & but com-  
ing shortly, I assume all do eventually pass  
through their sins, or forget and literally  
conceive that they did it themselves and not  
another nor God. My own fault as well, to neglect  
God or faith that w/out anything I will be  
fine. Still upset @ false family - living waddy  
I am spiritual and must seek my brethren.  
Dreams last night seemed inconsequential  
and not worth noting - for if I only read  
them later, what's the point now? Mrs. Driskill  
was happy w/ me @ my mother's expense/jealousy  
and we agreed this plan to give everyone a  
vehicle was because peak oil was coming soon.  
She cheered me w/ a wine glass. Family confused  
but coming closer in dreams. It takes time and  
education to understand these things.  
That break my heart. The Real White Man's  
Burden is atoning for their colonial/Germ-like  
sins on earth & others.

Can I have my ears looked at - they ache  
and feel full w/ wax. I used to spray  
hydrogen peroxide in them when they would get like  
this.

I really need to move to a less stuffy cell, the  
ventilation in mine is horrible / needs to be fixed /  
cleaned. The whole East Annex seems damp and moist.  
My nose has been stuffed since I moved on 8/20  
to a disgusting cell w/ hair, food and a toilet that  
still smells like sh+ even though I spray anti-bacterial  
in it every chance I get. Sorry for the ranting but the  
cell is contributing to my anxiety / claustrophobia and  
diagnosed PTSD. I would like to go back to the other  
cell and no longer feel like the guards will harm me - (this

it also happens that the ego begins to take credit for God's work and if so - must be cast away - for if God works through me by his grace but I do not show extreme austerity and fear, but believe I am a god myself - why should he not take away the body which is corrupting. Sadly, many only grow corrupt due to these worldly conditions continually imprinted on them - so to establish the kingdom before anyone gets to "full of himself" is the ultimate goal. For you cannot blame the same message when it is neglected time and time again. A cult of peace is readily possible to save us all. (9/8) 8:10am Sent a kite to Chaplain asking to speak to Mormon representative, regarding Ether 2:7-8, the need to repent and become self sufficient (if not already so) - also explained my own freewill baptism and belief in Joseph despite my father's. also the mormons are anti military and anti government according to Ether 8 as well as according to the current military and governments disregard of the 10 command. But secret societies or even public secret combinations or oaths are to be abandoned when they serve any individual authority or human representative of god. 15 sec per lap x 1 hr of day room = 240 laps (4/min x 60 min/hr) - about 10-15 min. 1) 15 sec per lap in Sun a 200 laps (beginning @ 10 sec a lap slowing to 15) "Oh he is in love w/ life" How could they think otherwise? 9/8 - which I thought to be proof of the baby aborting itself or "not wanting to live in this world" and my fear of Luci's safety remains. Although my prized 1st baby - I must remember the family she came from McKenna's line of.. to be judged not by me but god. And Becca's as well. I must remember trusting families exist and I am just now maturing enough through lessons of deception and family trauma to know the women I not only WANT to but NEED to make love (babies w) for the benefit of not just my own B1B family joy BUT ALL. THE B1B EARTH & FAMILY I hope to reunite I did already foresee McKenna running away w/ a jewel of mine to lead me on a greater adventure (against my knowledge or consent) this I foresaw the week before poking my father - @ Sloan. For still a distrust in motivation exists or they just want to accelerate/multiply mine in order I do not abandon the collective but strive to remediate it where as they might believe if I had my daughter I would abandon them (the collective) 1055am - let the possessed screaming and groaning wailing retards commence - as Alexandra Reported - "We're live in Retard Shelter!" ~ yes, now, less stories, now is the time for love (the simplicity of Christ message kept me from interest in the Book of mormon - some facts though really ring true such as Missions blood & this land being sacred unto God) AKA THE SCIENCE OF COMPASSION <sup>TRUTH/REASON</sup> will dominate the confusion/mysteries and disbelief of the unverifiable stories of many, and lead to a unified understanding to the necessity of repentance, change, & FORGIVENESS.

9/8 oh my god! what an amazing clergy member, Norris. 84

even brought up the Medicinal benefits of  
Magic Mushrooms. We spoke of the Essenes-  
and Bryant started a village dedicated to  
sober minded housing for homeless (after I  
brought up the solution to our imports and lack  
of self sufficiency or resiliency to disasters/  
moral dilemmas of slavery, discussed the  
logic behind undoing the psych warfare canon  
phenomenon. The lack of 10 commandments / love  
and a christian revival to care. "Jesus preferred

dream I'm still trying to understand my father age  
telling me he met George Orwell, a senator / in government and  
that he was evil and disagreed he wrote "Newspeak" and  
other tales to stop not assist democracy. My parents  
also had a huge tree pole & American flag at the top.  
1030pm (9/8) - woke up from a dream where I was / met an  
Asian girl who was @ a talent show / competition using  
Science Teachers to create ~~fiction~~ <sup>muscle</sup> designs & / or something  
I really liked her and she liked me and I asked  
her w/ a few others to create a rock band before  
I might have to go to jail - before I explained  
for what - she said we should call the Band "car-  
crash". She became my lover and then the guard  
knocked and gave me an ice pack. Also another  
dream; in a multi story house - a toilet connected  
vertically, someone / a woman on a higher story  
pooping above me got poop all over my seat (on  
the ground floor, her toilet on the second or third.  
When I offered / or simply went to clean it up -  
she did not take initiative but was upset that  
I just flicked it into the grass. (reminds me  
of a 4th grade drawing I did on a school desk  
of poop / burgers dripping on fellow classmates...)  
I'm such an evil / constipated child! ;)

The Bible was written by men who could not sleep - and who lived a personal / emotional apocalyptic every day until sleep blessed them. What causes one to lose sleep? Lost trust in those around you? Your tribe, your nation. Trauma and abuse will force one's vigilance. The clowny is that the jail causes my sleeplessness but also feels the safest place (if I can trust the guards) to experience distrust in the world. (ie flesh eating zombies probably can't break through - just on 'bad' example, yet not completely irrational based on historical and current realization - if the majority are more ruled by Belief than fact/truth - desire for individual power and promises of eternal life may and have overwhelmed.) So the Bible is written and followed by the sleepless who, preparing for the end (a natural survival instinct gone wrong - dreams are to prepare for the next day, a higher spirit manipulating your behavior beyond conscious control to protect and preserve in a juggle of ways. The one advice I would give to the mass obsession w/ the apocalypse is Jesus saying none will know when - (so the best way to live is in love by following the 10 commandments and reducing sin as much as possible) Because I notice that is all we can do besides also basic Natural Disaster preparedness and self-sufficiency is a necessity for that. Let me note, the sleepless are especially attracted to all predictive / pattern / paranoia / distrust / nightmare-fantasies which only cause more sleeplessness... feedback loop

and because the Bible contains so many contradictions, literally everyone can use it as a form of collective inspired confirmation bias (the id hides in the Super Ego more efficiently after "hacking" the collective Moral-like a cheat code for a child to somehow neglect the Basic 10 commandments / laws and rules) so even people who completely disagree w/ one another, attack and even kill each-other while using the same Text to quiet their built-in empathy / conscience / Humanity / love / sense of right vs. wrong. Male dom reutas, incipit esse TUUM and that is why it is so necessary to preach the love of Jesus on which hang the 10 commandments as a basic blueprint - and if that's not enough nothing is (1 cor 13) to bring people to their senses. ~ I am ~ 3 kites sent 1) thanking (9/9) and requesting more chaplain 2) education request psychology and law 3) law library request access, habeat corpus's (federal & state) and legal services contact information in regards to civil Rights actions challenging current conditions. NEW newpeak already exists, it is the language of 87 mathematics; questions, answers, variables, equations, functions, derivatives, parents, etc. infallible truths up for peer review. Fall in love w/ the absurdity and have all life? or overturn the Tables of a house of prayer? is not all a house of prayer, to simply re-strengthen our aerie fella and learn how the black people put again. Like a child who sucks @ singing, shall we just ignore his pleadings for attention or wait until he finds another, more damaging/criminal method of capturing our attention... ~4:40pm - I may have lost the word (or my naive perception of it / become a man) / opened my eyes through a broken heart) but will I gain my soul? w/ a tiny flicker of hope that some words really do matter and that my experiences will be of benefit to another. doing a reading of cards actually just made me  
sad/emotional (the seal was 3 of hearts) but other

(9/11) ~ 9am - brainstorming son names... from Savage Alloway strange 93  
to classical Davine/Devil/Daniel/Daneth/Deedee/Daniel/Scorpion  
crossed Daniel out, even though for the Prophet, no child to bear  
resemblance to my father until he heels the relationship w/

Reason - understanding what the word implies and its curse.  
I had many bad day dreams - one where I was haunting someone  
(a knight) by his request, yet he blessed me and said let my body  
be pure - and as I came awake in my room it felt purifying breath  
another, I talked to a crystalline spider, and the one before  
evening, I spoke w/ Becca in my parents house but her intellect  
made me emotionally sensitive, I asked for the Cheap sing back -  
before that she told me the Baby was a boy but she kept saying  
"kyle, kyle" (her past love of 3 kids), when I found her downstairs  
my sister alex was on the couch w/ her and the kids, I asked about  
why new drawings - and Jayden responded w/ "Beatrice" (my new  
name?) alex told me not to say anything mean but I agree  
w/ me when I argued that it was only their protection be-  
cause my life work & message had promoted a blueprint  
for attaining "Equality for all" so to say I'm being mean  
is to neglect my collaboration<sup>tion</sup> w/ me and to distract into  
their own selfish complex.

11:55 am 9/11/15 Can I have two ORS books? - you're supposed to put it on the sheet. "I did!" - What's worse - people thinking you can't remember them treating you like shit or actually not remembering people are evil assholes. Why do I give advice to them for my continual mistreatment? They probably treat everyone like this, and isn't it time I blame a man who doesn't fall for their tricks and plays @ trust? They are Devils - America is a collective Devil - get used to it - these people feel no guilt or shame for mistreating me or the world @ large. Their conscience hides behind petty belief and justifications - for the most part, they aren't even doing something because they care - they're doing it for Money. Money has created a world of detached automated Machine heart Robot men. #ROBOTHEART. it could always be worse but that doesn't about make me feel better. What does? Thinking about naming my new son Charles Seraphim Barnett. <sup>Frank</sup> I at least see his father and bless my own wonder list...

I received admittance to the law library but did not receive any attached writs of Habeas Corpus (state and federal were claimed to be 'attached') hmmm... I had a very mellow day today, slept in until lunch and then felt very accomplished reading the law books. I was adding quite a few important statutes on correctional facilities requirements and the constitution. My hope of motivation and purpose is soaring today and I felt very focused w/ my hair up (one of the reasons I wanted to cut it but blaming it on my lack of such). Sure it is Vanity (Ecclesiastes) But God made my hair not at 15:2:8. And now I no longer feel (15:5:7 & Ps 69:20) = I waited for someone to suffer along w/ me but there was none!... This morning I wrote a harsh Truth about Parents of suicide victims. Yet awoken/content w/ my realization fell back asleep. CC is being resolved. 3 new answers to the Q: why killing, themselves: 1) not consequences of sins 2) despondency/despair/hopelessness/depression is more grievous than Death (heavy burden) 3) Cultural -> parental disease/influence/neglect of heart. Truth & justice really do seem more motivating than anything and w/ decent facility responses from various departments (medical, mental health and legal) as well as reciprocal interaction w/ deputies. WHEN YOU LIE, YOU DONT SEE ME AS AN INDIVIDUAL - LIES EYES HYPNOTIZE. CC IS REAL NAMASTE - CULTURE OF PEACE - TRUE QUALITY!!!

9/13) 820pm - I got to use the law library today - a touch screen computer in an empty room.. interestingly though, after my 50 minutes was up the Deputy very courteously gave me a receipt - like I had requested to the Sheriff on a kite to minimize the Lucifer effect abuses, and potential for deputy corruption. / its just good accountability practice. I spent most the time reading about the Administrative Procedures Act and necessity for an Agency to "Promulgation of Rules" by newspaper. Just as my "father figure" Mets home run champion told me about - I could not believe it ~ God Blessed my memory! I wonder if I'll find a lawyer ballsy enough to use it before we even begin. Wpm - reading the Chaplains warm responses is so incredibly nice, especially after not being able to talk w/ any family members - just to know someone does love me. What a beautiful Soul-Marilee Blomberg. Thankyou so much.

Starting my Ministry w/ the short film "Don't Do Drugs" from 2011-2012... The thing was - I had a very important message to spread and which I had attempted to (CC) but failed miserably because I couldn't tell who my real friends were. And if we really trusted each other and loved each other that is such a more potent drug (literally bonding chemical, not psycho-sexual-Socio-Spiritual High!) finally while reading the Bible to "friends" in my prayer circle I was awoken by a punch to the face. The need for Solo Status allowed me to untangle my hair from these false associations who kept distracting me from what I knew to be the truth and a message we should be spending our time on (not the TV!) - for the world is in a great calamity / Tragedy and we can help! By speaking out for Jesus, the poor and needy. The cruel culture of war.) I had to awaken my inner steady and growth to Real faithful association, not distracted by substance until my message is accomplished to birth from the shit artist a new path of hope.

9/14 got unreasonably depressed @ the small portion of food  
I received. had to remember to always have something  
more to look forward to than food. But for what  
ever reason they have been very small past few days -  
first world problems - selfish me doesn't care. Sanyassi  
me says he still wants food! Oh my inability to live  
up to my spiritual ideals. Earlier I sent a kite ask-  
ing to receive book on bhakti yoga and Sanyassi life  
path "renounce" - it made me cry after I sent it -  
thinking I would have to but haven't I already?  
(let go of Luci - for any of my "family" which has  
not been here for me @ all... I also fantasized  
going to India / being rescued by Conscious Planet  
motorcycle yogi who understood I was being  
a medium of judgment for the whole world to  
accept the true pain I feel for the absence / loss  
of my daughter. However I must admit just  
before dinner I felt "bad" / ashamed for not  
wanting to read more bible today and finish  
my organizing of Verses in Tandem w/ organizing  
Law (ORS) - I think the wave of neglect from  
my legal ass. was just that strong - I'm  
dealing w/ her heart pain now, I see a heart girl  
in her like that of Beech's mom. To neglect my  
messages to such an extent... To just accept this  
is the real work. I wanted to confront her  
but I saw an astral her slamming on the table  
in Patronizing defiance when I talked about a new  
lawyer / legal ass. And for whatever reason did  
not feel the will to leave another message - which  
I feel an obligation to tomorrow concerning my being  
assaulted in P.C. and her lack of care. 7:30pm - Am  
having a hard time understanding how knocking can annoy me more  
than anything else? Knocking like a clock, something I haven't heard  
since the first week. It seems to make time go by slower - it  
beats me to rage, I work out and am still upset - so I shall work  
out some more. Holding my breath seems to work better than exercise.

I filed a request to visit the law library to explore my current conditions of confinement, as well as to receive state and federal visits of habeas corpus and to get any and all legal services contact information as my current lawyer NEVER ANSWERS THE PHONE.

Let me know how long the Tuppering has to wait to receive a visit (if the handbook it says "day of request").

Thank you for considering

I really enjoyed the conversation and really felt spiritual connection. I had w/ Chaplain member. I believe that is his name. I would appreciate if I could meet again as often as possible until my release. I was by the available chaplains. In the sense of compassion I have a heart. I think you. It is so much better for my mental health. (AKA Spirit) to expand in living pre-occupied. Chaplains and their team be "put in a box". I've believed and prescribed meals for some reason. The psychiatrist here has a hard time understanding that listening goes both ways.

Response:

Oh, God Bless You Spencer, it's so important - ... if you are referring to meeting w/ your chaplains here - I would see you on 9/8, & Chris, Luis, Jeff are also available - you can always file and request a visit and from whenever. But for now I will put this in your box - he comes in 6-7 Thursdays. I also see other Kite response regarding mono-chaplain.

Oh just to clarify  
I had to clarify  
to put it in your

(12/10) my toilet just flushed for 15 min straight, and these toilets <sup>107</sup>

during that whole time. and I don't think I've shit in

following directions w/ w/ thinking "its how they were trained" CC  
in reference to psych dosing prisoners in military punishment  
I followed up w/ Milgrams "obedience to authority" in agree-

read the warning labels or give that warning? And  
he calls himself a latter day saint, another testimony  
of Jesus Christ but defends the Right to kill w/ passages  
Examples of the Old Testament, which I believe has  
been intentionally corrupted and which Jesus came

Unfortunately I saw the (possibly alcoholic influence)

father in him a slight deceptive smile and look in  
the eyes like "you don't really see me". He did say  
he didn't have a problem w/ drinking strange as  
a Mormon - for we both agreed it was only necess-

much either, just did 2 sets of 20-25-20s though, not super motivated

How ridiculous, after losing so many more important things.

triviality. But obviously I am sad about much more  
 deep down, and this is trying to bring me closer. Maybe  
 others are sad I cut it, but I felt it was others who  
 defiled my image into a sex object / plaything / mascot  
 which they never truly respected or heard what I  
 had to say. Oh the plight of a beautiful woman  
 amongst animal machines, see ~~may~~ it is not my body but  
 my Spirit which is divine. I hope it shows and  
 grows in due time. I cried the night I wrote of  
 wanting 'this game' to be done w/. I longed for the rest  
 w/ Mama Gaid, baby me - I just want mama! - Oh she knows  
 don't we all, but we're here to consciously awaken our  
 love and not just fall-asleep into it's warming comfort.  
 I dreamed of India and continue to know that Am-  
 erica has weighed me down w/ its excessive / ignorant  
 and faithless / unconscious / masquerade party. I  
 want to please people but if it is only my hair  
 they see as light that is not right. // What is  
 worse? The comfort of a seductress or an al-  
 coholic drink - both dull your senses and relax  
 you w/ lies - evil eyes that hypnotize the trusting  
 spirit is abused by lies. I realized when people  
 consider prophets or Abolitionists to be Gay -  
 as an excuse for their super-altruism and  
 brotherly love - that maybe the infant child  
 did not trust the behavior of either parents  
 but fell in love w/ THE TRUTH - the argument  
 that wins out (often portrayed by the O as  
 opposed to the more irrational / emotional 2)  
 and though my own father has lost sight  
 of it and the faith he raised me on or condition  
 ed me to by the use of the Rod, maybe he never  
 really knew or believed in Truth, but I had to  
 to accept a father's reasons for treating you  
 his own child as such... But the plight of time  
 and a cultural rush gives the excuse for  
 have lost to first-of Power. // P.S. (top page 22:)  
 Prison is not the place for ~~gay~~ hair! Nor  
 is any place for a man to seek those WHO REALLY  
 CARE. 1030 pm - I am feeling an incredible amount of love

Time:

9/19 after I expressed my intention/mission that Amer-  
ica needs to work for itself (international slave/forced  
labor issues and grid/supply chain vulnerabilities)  
he confessed he was a Trump supporter (who he thought  
tried to do the same thing) and he wore a "Nuclear  
Malt" shirt to HS reunion and has read the left  
behind series "Tribulation force" - which I shared  
when he feared he was getting too "conspiracy"  
but I egged him on (as a "fellow Trump supporter")  
to share his fear of the One-world government;  
where "everyone gets their sopp share of the pie"  
~ I wanted to ask what he thought the King-  
dom of Christ looked like... And now I realize  
this was the biggest reason I can see for me  
being here - to see through false followers BS  
and appropriation of LOVE... adding Matt 13:1-16\*  
(17-23) (29) (32-39) 19:21 (24) ~ 10:9-10? (never money, bag, shoes or stuff)  
more 9.? This sporadic addition also pushed a tiny turd out,  
and I've just been laying around like a house cat all day  
4pm "nobody makes me bleed my own blood!" comedy w/ Owen  
Wilson and... Supermodels Hanzel and...? I think of this  
line whenever some annoying sound penetrates my  
focus (like the knocking/tick tocking - but a new  
guy who tries to sing in low tone Opera, no words,  
just sorrowful moaning - the bass is extraordinary  
in here, sometimes it sounds like a Cello accomp-  
anies him) and I'm "forced" to workout or at least  
do enough sets that make my body feel comfort-  
able again. Maybe all anger really is a projection  
of bodily pain/bad blood flow/unconscious breath.  
I've finished my body bible verse compositions (2 at least  
the major ones) and now to prepare my letter to the  
Governor w/ all my ORS and Oregon Const. references.  
and then another comp of verses (all the "chosen" Love,  
poor, the end days, med/veg, made to look bad) and then this wasn't a wall

\* Scribbled on the inside cover of the Bhagavad Gita I just received from the chaplain (9/19) 9pm. Basically the medicine God in Greek mythology is the lower demonic god that religion warns us about. They are demonic and represent medicine. Today's medical symbol has a staff w/ Satan (a serpent) wrapped around it. Moses is the law and also has a serpent wrapped around his staff. Medicine and law are parts of the government which is Satan. 2 Chronicles 9:13-18 To pay your taxes to war = mark of the Beast. Noah Ark, Moses Ark and Revelations are the Beast killing unwanted populations. Killing people off who won't become enlightened stops them so they won't have children who reincarnate into hell. This is the belief of this book and government but not the other religions. Some religions care more than others. This book believes in population genocide because it doesn't understand the full enlightenment. Look up women in the glossary all religions are sexist against women. [RE] Because all religions except wicca are evil. [RE] yes, but this is the Book of Moses and his evil god Krishna. Most religious books have a deeper meaning and view god from the individual point of view but this one doesn't... 'Absolute justice corrupts absolutely.' It seems my facebook 'gone' post "mend i sin, medicine, yep medicine is literally from the devil" and Aaron calling out the 'all father' Moses - I just feel like I created this perspective and I don't necessarily disagree w/ this layman/convict interpretation. I do not actually believe medicine/science, law or government are inherently evil/satanic - but absolute power does corrupt (says psych research/science) I initially requested this book to read more about Sannyasa (the renounced order of life) But find this inside cover scribble quite 'enlightening' Text 20 (Ch 18) p 796 "knowledge by which one undivided spiritual nature is seen in all existences, undivided in the divided, is knowledge in the mode of goodness" Tx + 17 "not motivated by false ego, whose intelligence is not entangled, though he kills men in this world, is not the slayer. Nor is he bound by his actions" ".ehhh LOVE TRUMPS LIBERTY, THIS IS NOT ENLIGHTENMENT OR LOVE IT IS

9/21-2 other dreams from last night came back - 1st of Trump shoving  
me, implying/gripping like a machete. School child - I didn't  
listen to your podcast BUT someone did!! and the other dream  
was Nathan (the tractor business operator) needing help. Splitting  
my some very wet wood and using a drill and hammer. The talks  
I don't get a foot 1/2 foot long. Hebble invited (was a bit sick)  
and I told him that wood was too wet but could chain saw it...  
then a dream from a week or so ago my dad admitted he could feel the  
heart pain too. Interesting to say I drew a tattoo for him and  
some chosen never to accompany the Sowles (leadership & guid-  
ance slipped out my hand and broke on floor - I was upset until  
I found meaning) and another set of have left out since Sunday  
directed @ Amy Garter drew the diff card (GP) which has  
a red mark with diff deck. Mysteriously have and have to enter  
pet (a fire/specie/action/motivation) and added Sharon,  
Jimmy and city guard watch to Megan (Berta) the two captives for  
a hopeful Teamwork. Berta added and Rationality. Father  
got dazed & awakening and truth and Seiver enlightenment and  
indurane. 11pm - It is strange how the loud cries and moaning  
from a new inmate don't bother me as much as the man who tried  
to sing opera sad song. And that I ever laugh @ the replies  
from another inmate's "louder" "sing me a really bad song" (both  
Gavin's sarcasm) "SHUT THE FUCK UP!" "you're such a fucking pussy"  
the last response after the moaner repeats "I hate that  
fucking world, WAAHH!" of course he said earlier (the week later,  
fucking fellow) "Nobody fucking cares!" and it's all so  
boring/sleepy/fellow. Nobody fucking cares! to be a comedy than  
true, it's in my opinion more pleasant to be a laughing  
tragedy and the fast "pussy" statement kept me laughing  
for awhile and raised my spirits knowing so many others  
are undergoing this harsh treatment w/out annoying  
the shit out of their fellow prisoners. The slightest inter-  
actions bring me so much joy, a smile from the nurse  
passing by or a deputy's patience/rememberance/consider-  
ation. Even just turning on the T.V. for a demanding  
inmate makes me smile. "FUCK BAK!" "now in solitary/solo  
status since being punched, I find reading much more  
productive, fantastic and safer for my 'actual personal'  
overly anxious/considerate mind (especially w/ my un-  
lucky always saying things I regret, too easy to misinter-  
pret. Now w/ a load of books I am content and rediscov-  
ering my interior, child passions well limited to writing  
but I did enjoy that much, and a

I am getting lost class tropic / conditioned to the thing

fantasy as we self preservation) (9/12) Brian = WHYY?!!  
can we figure a way of the simplest / easiest response to a  
screaming burst of rage in the night, I'm not an asshole  
- I guess I could tell him everything gonna be alright,  
but I'd honestly more think he is for being an adult  
ledged selves and now selfish he is in the night. He'll be  
screaming / waking us in the middle of the night. He'll be  
fine.. Should the father pick up the crying child? any-  
thing can seem an asshole, I guess I don't take his cries  
seriously and am sending my own responses telepathic-  
ally. Because you committed a crime? this is reality - it  
happens to a lot of people. There are bigger problems -  
you're not the center of the Universe? I'd like to be-  
lieve though that we all are and can be. But, only  
conditionally. I guess even Christ love was condition-  
al, you get eternal life only if you believe in him!  
Love. Everyone has conditions for their love! based  
off of their own conditioning (and mortal limitations)  
3 prominent dreams - last night, video tracking behind 4 white horses

video screen. He died doing what he loved - BMX. I could  
and people looked @ me in surprise. Then me and 2 others  
found him in a trailer under (near bridge / BMX park and  
I tell him later we see a certificate of piece on his wall -  
we're from the future and your documentary looks out -  
we said that's fucking awesome! and we leave, I tell  
him we shouldn't tell him he can be died... That night, such...  
I'm in a depressed hopeless mood, think it's pointless to  
make much individual effort and too great except my fate  
and our path. Maybe it's best to just do things any-  
way, with no expectation. Well if it's God will, even if it don't, <sup>what</sup>

"Burn in hell!!! Burn, Burn, BURN! Piece of SHIT! d'm God!!!  
No-one understands the Hatred I HAVE IN MY HEART! BURN, FOR  
ETERNITY!!!" (screamed / both dude is back and everyone jeering  
him on) "This is cool" "pussy" "just want your nose or take a shit (evil)"  
"I'm gonna burn in heaven" "there is no god!" Maybe my depressed emo-  
tions are just this dude? Now d feel like writing to Merilee  
no matter how 'good' it is. d just wanna thank her. (Backside of B6)  
Forensic Psychologist <sup>Kristen</sup> Kristan Dousarkissian - armenian - mental health  
policetraining - doesn't know what last name means. - Spoke for 2 hours  
- 350pm - d defined evil as having a negative footprint  
not just environmentally, <sup>personally</sup> socially too - said she normally  
does sex offenders "But is branching out"... why its best not to  
testify? people will just pick what they want to hear - confirmation  
bias. Would ask DA, does she believe in jesus? Love? Human  
nature? 820pm - sent off 3 kites, 1 for 2 envelopes - addressed to Govt  
Univ, and ACLU. The other 2 were for Merilee and were (chaplain)  
drafted on the Back of p92/B6. 1030pm - my answer to Kristen about  
why d think d've had more run ins w/ police than most - was  
"good" - because most conform, lay down effect (actually d just  
said because probably father complex) rebellious, activist,  
most don't do any of what d do. And interestingly enough -  
the comp disconnected when she asked how d felt after  
the fact of 0.11" (which d thought d'd already disclosed as  
d drank after, but caught me by surprise) also she said it  
was unusual d talked that much and d said thats  
what my mom said of granny too, but storytellers have  
their place in community, most just dont like to listen.  
d also explained in depth why completing projects recently  
to my high standard didn't matter - Shit Artist; because  
how can anything d do seem anything more than just a pile  
illeged pile of shit on top of USA first world burning pile  
of shit. That seemed to strike home to the heart - why  
does anything we do really matter when we keep sponsoring  
starvation of children... She really thought her own  
last name didn't mean anything? "its just a bunch of  
letters, d know - its not very cool/exciting..." "d'm sure  
it means something". She also never wrote a thesis  
but said she did something w/ training police officers  
on mental health...

9/26 - It's sad people expect these lost men to just figure it out on their own. None of them feel wrong because the world @ large is so wrong. They need real education and opportunity and hope - not abuse and neglect and an expectation that they'll just accept it? And change for the better? No - they find purpose in their mistakes not worth answering to any privileged higher up HYPOCRITE. "There is no need for any of this bullshit!" "Shut up! no one cares!" I feel like he's channeling a spirit of mine, but these others see no purpose for such a speech - especially in here - where we can't do anything...  
4pm - and P.S. this "Subtle Knife" book is such a crappy synchronicity (pp 176 & 180 "The Bearer" Left hand Pinky and Ring Finger - handle made of Rosewood) and his Shaman Father's story helps me feel less pain @ the absence of my own child - for I am on a grand adventure, and have been born again multiple times - I will never forget my past life's and my daughter, my heart my soul - but I had been commanded by a higher presence for a duty, a vision that encompasses the whole world.

530pm - 2 Propnetic Songs (1) Heart full of Gold (Rocko - Seelona) and Tug Boat (Becca's favorite (sniff)) You know what they say, I'm a little tug boat stuck in the Bay, and you were meant for the sea ~ Oh lady luck gimme a tug. Pains my heart to hear / sing/write it. (9/27) 12am - feel like crying after finishing the Subtle Knife @ his father's death <sup>primarily</sup> and ~~Lyra's disappearance~~. Now reading Spiritual Scripture (1557:4 brought spirit back and Bhagavad Gita) (Subtle Knife despises the authority - but that is fantasy - as a humble human we must submit to many authorities/limitations, most obviously - The Whims of Mother Earth (inner & outer nature (enviro))) Reading the Bhagavad gives me hope again - I think I should be fine in Prison w/ a handful of spiritual books - and thinking how I first went to the Temple "where did I go wrong" - I left to find a relationship, based off of a dream and hypocritical masters, and then I left Elven for the same reason - and by the time I found Mekenna 2 years later, engulfed in substance and forgot the value or how to maintain it (no I think that happened 2018 - when I did forget my spiritual inclination/discipline/desire and was captivated by a young artist (as I lost my own focus/ability to complete my 2017

about I started in 2017 - CE - lost w/ hopelessness to the conditions of confinement - lost myself. That's when it all went that fateful night. I should myself or doubt the purpose.

I think I and so many others would benefit from writing communication over words (as I think my defense for lack of desire to testify) is because the psychology (conf. bias) / Time limit / perceived authority - Sometimes I think I just say what I think other people want to hear even if it's not in my best interest. And I'm sure I'm not the only one. Writing gives us the time to reel and craft a real response w/out feeling its Life or Death Fight or Flight emotional reactivity is hard and the Tongue is quicker than our conscious heart / higher self.

- I don't think I'll read anymore of "A Million..." it's a quick and  
engaging/engrossing read and I'm glad it reminded me of LL (specifically  
page 8, speaking about the world renown addiction center which I  
scorped and now I could do better would than them!!) But I can't  
help and think how fucking privileged the author is for battle-  
ing making it and becoming famous for being a scumbag and  
I'm probably also jealous of how nice his parents are and supp-  
ortive and how ungrateful, self-loathing he is, FIRST WORLD  
PROBLEMS CAN MAKE BANK - sorry 3rd world = we too hi to care!!  
But I shouldn't blame individuals who profit off our POP  
CULT OF WAR - They aren't convictions of the Bible, picture being  
1030 PM SHUTUP, Nobody wants to talk to you, you pedophile!! "Yeah, kill yourself!!"  
"Why don't you kill yourself?" "Let's just kill ourselves together!" "We're already  
dead!" "Fuck you SHUTUP!" "Hmmm, it's why we're killing themselves takes on  
a whole new flavor." An air of superiority, I heard in my mind, but felt a dep-  
ressing air of grief the 2nd half of the day so I buried my head into "Paw of  
Prophecy" - a bit a good read, really enjoying fantasy lately. Remembering  
a dream from last night - my mind came to hug me - you're  
carrying the Burden! She slid, I shyd away behind she came closer  
upset at her for not responding well to my call for help  
a few weeks before my arrest. "Well you know Danielle got  
married..." WTF, as if that's why I was upset... Every case  
I show is interpreted as psychosexual stuff no one believes in  
Love... And now I'm starting to doubt it and myself. What a cock  
1115 PM "Everyone in here should KILL THEMSELVES!" "PEDOPHILES!" "DIAPER  
SNIPER!" "Pedophile!" "Diaper Sniper!" and the screaming argument goes on.  
1145 PM - This dude keeps yelling, voice up another pod... "WHAT ARE YOU GETTING  
OUT OF THIS?!" Someone yells amidst multiple STEVIE'S... interesting I'm  
not that annoyed, guest I'm actually just trying to listen (so  
deprived of conversation...) but can't understand most of what  
he says - "Fairy tale", "Spirit running around"... "we're all fucked" - NOBODY IS  
TALKING TO YOU STEVIE! haha that re-made me laugh... and apparently  
a bald haircut makes you a PEDO!! I heard in prior back and forth - how  
we KNOW (that the other one was) I just kept thinking Shadow Therapy  
personality says everyone is a pedo deep down... (9/29) Managed to  
fall back asleep till 315 PM, feels successful. Only 3 more days until I can

- what really matters to ME, and no it to them. TO LISTEN TO MY  
Heart and needs amidst manipulation - my past obligation and present condi-  
tions and to gain wisdom @ my Naivety to not take their (lawyer's) words @  
face value - for they get paid to lie... damn - I keep thinking/dreading  
having to give up the property on Bly Mtn for my "piece of shit" I  
it was such a privilege and joy to develop a real opportunity  
for Becca and her children. But God has told me twice now -

-it is just as when I regret the lack of influence on early programming/scripts/games we play, or even sense anger @ the opportunity being "stolen" from me, at her expense for I would have provided a record and early child education. But I am to know anything can heal - and if I really do care, this responsibility belongs to the whole world of children, not just her. And I do not know if I would be so adamant about sobriety if this whole experience never happened. Not that I think substance so evil, but just a waste of time and will for what I can really accomplish. Still I'm sad to admit I am very susceptible to pleasing others and peer pressure I often cave into under the pretense of not wanting to offend or subtly judge. I need to remember I am quite insulted by the laziness and inability to cooperate/activize of most modern hippies - when historically they seemed to energetically lead multiple Civil Rights/Environmental movements and now, are just content to simply "look the part" - But I also failed in convincing or finding the others who felt the urgency and excitement of the mission. (9/30) 1:45 am - This guy has been yelling "Fuck" every 20-30 seconds for almost an hour - previously I was spending time worried how easy it would be for people to convince me I had a bad memory problem, and then I was worried @ the possible complexity of the Dream ability to deceive myself w/ a reality just as stable then as these constant "Fuck!" noises I thought how it could be used to condition a sleeping mind, startled periodically - This all does seem like a military experiment. Just rats in a maze. Thought this Guy woulda stopped awhile ago - it can't be serious? The guards don't care to help and only a few are awake enough to yell "shut up" back, only maybe 5 times in the past hour of him yelling in Berserk and it sounds like someone else is accompanying him. What a headache. I don't believe this shit they just want a reaction.. maybe its turkeys, he cont. into the moon - 1030 am

(10/2) self sacrificing imbeciles for leading me on this journey 38  
of self discovery. And so I can't really be upset @ anyone  
because if I didn't discover it for myself - would I ever  
truly believe it. But that's the thing - I write about  
these "amazing" realizations and profound meaning but  
almost as soon as I put the pencil down - doubt  
slowly creeps back in. // Screaming dramas brings some laughs  
"Shut the fuck up bitch!" "1 'bitch' 2 'bitch' 3 'I will eat your fucking  
Soul I am God!" "Oh my goddd" "STFU!" "FU!" "Motherfucker!"  
// To Becca: I'm not mental I just need a community that shares  
my ideas and passions, a sober fellowship, ecstasy and High  
Mission. CC should have explained this enough. It's my inability  
to live amidst such a corrupt culture w/out being paranoid  
of everyone and everything! And also - this had to happen for  
my Daughter's sake as well as my Granny's. Cursed by  
love but forgot my own daughter (abt so much forgot as limited  
by silent mother and inability to use legal system for help)  
this was the quickest way to remediate that while also  
reminding me what led me to this horrid state in the  
first place - My Granny and my Daughter, both victims  
of a culture of war, as I am a prisoner as much as them  
are both also Daughters of the past and present American  
Revolution, which I have proclaimed and set motion to  
w/ the help of others, but by denying association protecting  
them and my loved ones and Challenging/leading  
leading a Revolution of Great significance. And to call  
me mental, when I say our culture's lack of Empathy  
and Common Sense is Mental - is to not deny my mental-  
ity but to express it's relation and connection to our  
collective! And it's not that crazy for me to Panic and  
be paranoid of everyone else for not CARING! That  
we are in such a vulnerable position and immorally inclined  
to neglect "OUT OF SIGHT OUT OF MIND!?" And that somehow  
during all my publishing and notifying NO-ONE, family  
or friends has anything to say about the matter or my  
missing daughter...? WHAT THE FUCK. I'M NOT CRAZY YOU ARE  
FOR NOT TAKING THIS LIFE SERIOUSLY! So... "You Really Don't Care?"...  
But yes, I projected my own responsibility to ensure, my daughter and the world's safety onto  
everyone else, I'm sorry I couldn't trust, I had no community, I tried to communicate and  
the more I tried, the worse it got from lack of response -

becoming conscious of the worlds shit is no simple task/endeavor/challenge... most people refuse/can't believe it from sheer cognitive dissonance. Sobriety isn't essential because drugs are "evil" it's essential because those distract us from our from a greater mission and burden we to bear. and because you simply can love or be as thoughtful any other through the hearts lens. Because true magic lies in the Beat/Breath/Blues of the Heart. The Biggest Secret to penetrating thoughts (astute attacks from the past) is all in the Breath. If you can focus and breath consciously

(10/5) - I didn't want to write about it for fear of losing it but I think I can put it into words; my mind/vision/spirit was "higher", I sat and cross coast on my bed and just looked a bit above my line of sight. I thought great things - big going through this, becoming stronger, letting go of attachments and becoming a true agent of change, able to change and adapt to any circumstance - By taking everything away they gave me the ultimate freedom, nothing left to hang onto, nothing left to lose. An awoken Dreamer who is aware of the multitude of dreams and their fleeting nature (why grieve over one nightmare, you will wake up soon enough to more and more dreams - and if you can lose attachment to one dream you can be free to do anything in this dream, so to speak. I saw it as my induction into the "no face" cult from Game of Thrones and also spirited away. I am able to go w/out anything & to put on a new lifestyle to my desire or to my simple opportunity. I had no family (no authentic community, no friends to tell me down - no one seriously in love w/ or interested in me. How sad, but how liberating, surely I can change and attract some in the future and create stronger bonds if I so desire - Sannyasi fell upon me. It is still not an easy thing to accept, no matter how much meaning I can see - it still hurts. I am still addicted to people and the time we can waste, feeling like everything is fine and that we don't have a responsibility or obligation to something greater. OH, how I hate making people feel obligated to do something - But after the 30 minutes were up - I was literally "pulled downward" by thoughts of Becca. In my attempt to return I was brought back up by seeing Christ on the cross; but as I lost attention pulled back down to the realm that maybe I had an obligation to save Becca from. The lower realms of hell, distrust and simple body gratification, neglect for others, even one's own children. But the thoughts of Christ's greater ordeal/suffering and selflessness were enough to pull me up and away from animalistic jealousy/hatred/reactivity. It is not always so easy to empathize w/ Christ's suffering and one does not believe in him they can still use other past and modern martyrs as a meditation/empathic connection to escape controversial and mental whispers from the devil (negative unproductive thoughts of passion, ignorance, vengeance, destruction, regretful death) -

The Demons at Rainbow Bridge by charcoal is filled w/ phylloxera. J13.1

10/9 - David - the one who shit in the shower yesterday, shares dayroom w/ all the noisemakers and today he jumped out of the shower naked and taunted everyone. Bizzy always talks shit to him but it appears david is "winning". he also screams in a high pitch screeching girl voice - "PUNK ASS NIGGERS". Conversation between all was long and wild today true circus, pretty fun though, lots of shit talk gay jokes (easier to have fun w/ than talking about god though, that gets everyone defensive - while the gay jokes shit talk apparently never gets old - started by Bizzy each time... "Yo Joseph! yeah?" "what you doin? thinkin' bout dick?" "no I'm reading a book called Demons at Rainbow Bridge its kinda like Star Trek" "sounds gay AF" "yeah I guess the name does..." 11/20pm - it is interesting to consider us all as empaths, and now I believe more fully recovering from my conversation w/ my father who has and maybe always will the ability to manipulate/trigger me based off his need for control and disregard for my lifes work. And Becca too, very conditional love, it is truly best to be cut off from all who do not share my same vision and it is sad such a minority do. Even "religious" people do not fully understand the implications because it is a blind/synthesis of Science and Spirituality. But definately many methodist and intellectual/educated believers do understand the urgency of directing efforts to preserve Mother Earth and reduce the reliance on slave based economy - truly securing our grid and culture from collapse/man-made or Natural disaster. CC vs. Not See (see see vs. Nazi) I am truly blessed to have an almost identical monk experience w/ even less work (none actually) and to be given the opportunity/protection from others to fully apply and review internally all manner of wisdom and self talk. I also find myself elated @ this new novel "demons at rainbow bridge" and for all novels to contain wisdom/synchronicity/beneficial-self talk. My greatest downfall may have been my loving-acceptance/fear-to-offend/inability to distrust or avoid negative peer influence. To accurately/efficiently discern good character from bad characters would be to doubt my own faith in human nature/goodness and to project/imprint negative realities. ~ another catch 22 (I'd need to think bad of people to protect myself - but if I think bad of people I think bad of myself)

(10/10) 9:50 am - just got back from being interviewed for aid & assist in my defense? so I guess I was found to be unfit? I'dk wtf is goin' on. There should be an Experiment on how long it takes to convince someone they're crazy in conditions like this and constant ignorat/dismissal/diagnosis ~ w/ out empathy you can convince anyone there crazy and they may conform just to be accepted

(10/14) 6am - realistic dream re-uniting w/ daughter (105 Dan Daniel chasing me around a field - she was faster than me! Very faint & lovely - Her mother was still very much in love w/ me. Given had a long comfortable conversation w/ Dan - mostly on my experience but lack of enjoying different drugs such as stimulants & depressants. Very realistic dream but will impress to experience) (as a runner & the better than I thought) (acceptance, love, community)

10/16 Wondering if I really do have a mental disorder or if these cond- 154  
itions are creating it. Seemingly ready to drop everything and start a  
new life w/ the same mission if Bizzy does manage to get my 3rd Party  
release - which talking to his girl today I am convinced she is going to  
try and he honestly seems excited and sure of his ability to get me  
out. Accepting a new purpose/not neglecting my idea of what this  
purpose was for - to solve legalities keeping me from my daughter  
I now do not think I need to rely on a corrupt system to help  
me achieve these ends and have already imagined how well placed  
connections in the Underground could be just as, if not more helpful,  
and also more ethical for the Grassroots Real CC to be born.  
Called his girl to buy red sweats and T for him, confirming a bit  
of my "fantasy" as well as asking and hearing of her to sign my  
release. I should/am fine w/ either opportunity I am presented  
but obviously seem to favor an earlier release and am put  
into a panic over the matter. Very disorganized thinking - none  
of the 2nd sentence seems crazy after realizing I really  
don't have any family/friends close enough to help me out or  
even care about what's going on - so obviously/easily drawn to  
Bizzy's apparent friendship and interest in my "rescue", could  
really use a friend like that right now. - Even if I don't like  
or necessarily agree w/ what I write it ends up making/helping  
me feel better and is testimony to different channel/spiritual  
disorderly - chaotic thoughts not always true to my reservoir  
of knowledge and experience. // It feels like I am handicapped when  
I try to compile a "final" version to send - I know it will come  
when the time is right and that the handicap is hopelessness  
leads to lack of focus - even when I'm given all the time in  
the world to work on it - it's like I don't even believe in my-  
self, even though I've recorded/captured so many proofs/  
synchronicities. Maybe I am being suffocated by a  
Demon of Doubt that is actively working against my  
mission/vision. Still I have faith it will come in due  
time and have watched it slowly if not surely organize  
itself into a coherent, all inclusive and in depth and  
piece of work that is so intimately close and emotional  
chaining to see the heart breaking truth for what it  
is, despite all the meaning and purpose. It cannot  
be rushed. And it should not be, for it is coming from  
the heart (10/17) had dream w/ Bella talking about another dude who I  
thought was a loser like her past. She told me I was: handsome, athletic,  
educated and good w/ kids... 2 nights ago I had dream about  
showing magazine (cc) to golfers, getting paid to take their pics near  
an ocean course and being pulled back and forth outta focus  
by the waves (The Tide Literally moves us and our breath (the moon)

The golfers were all very happy w/ me, paid me \$250 in advance even though my camera was having aperture/ISO problems and I was being pulled off balance by the ocean waves, literally swaying back a forth by the tide. Maybe the ocean and the waters by way of the major reality do help us breathe. We came from water fight we if evolution!!! What's sad? If I were to rate Becca by the same of balancers that she rated **NON EMERGENT HEALTH SERVICES REQUEST FORM** me.. she wouldn't score on any of them. Not at all. I hated her for rating me like that and also never rate someone like that, but maybe I should **\*\*This form is NOT for EMERGENCIES! If you have a medical, mental health or dental EMERGENCY you must notify your post Deputy immediately!\*\*** She's not ugly but she's I just know, that's not how love works.

**IF YOU ARE HAVING SUICIDAL THOUGHTS- IMMEDIATELY NOTIFY YOUR HOUSING OFFICER**  
not Gorgious, she's not educated or athletic and isn't very good at taking care of her kids by herself (Liam's teeth, none know how to read, allowed drug influence) not at all love her

no I love people 3 point highest self-not their confused ego's/souls - that's why it's easy for me to fall in love the best thing can be like how I feel (a mystery) and how I want them to look at me (PSYCH EXPERIMENT - THINK OF ME LIKE YOU) even after hanging out w/ demoted mental and criminal and going through temporary habit hotel w/ compulsive fears - I say the grace of CHRIST Love CBT have always found a way to I consent to be treated by health staff for the condition described. (Da su consentimiento para ser tratado por el personal de salud para la condicion descrita.) overcome, relate and forgive. Something I was raised to believe in, despite losing trust in my father still understanding his lack of love and our inner child trauma enough to still love him but recognize he is not a beneficial influence @ this point in our lives. Until he recognizes purpose, meaning, faith, love and my lives work (or atleast acknowledge it for what it's worth) his conditioned authority over me

10/17 Monday - was given a "room" yard, even though I went there, usually only get it once a week, but heard Jo & Stony Singin' and caught up w/ him (by shortin' over wall into other yard) also a Spider was dangling in front of door like last time when I left - almost grabbed it to bring to my all but thought otherwise. Grandma mother nature should be able to find my all even in this Maze. actually was probably spiders that gave me the snake bite scene (each side of mouth under bottom lip). (haven't read scene at all in so long, seem to get it though when bein' social, like H's touchin face more anxious body language. Ancient Body Language thought I felt like today (cute girl from Ashland) had a dream she was fellow inmate and talked guard drill who was upset I didn't protect her even tho they were different ppl before the fight.. and during (dream from 8am-9am) ~ 10:15am Really miss Ashland, felt like home, still does more than any where else. Just explained to Bizzy the reasons for my "jokes" that were actually factual ("all state officials/employees are Satanic White Supremacists") ("radicalized w/ Mother Psychology") Sex addiction Prevalence and Roots (promoted by "modern psych", media, psuedo comm. and lack of holistic Bizzy is really talkin bout gettin' me out but after hearing he was lookin' @ 20 years reduced to 10 then I thought stnt, maybe he's just pretendin to be my friend trying to snitch for DA to reduce his time... clark, doesn't really matter, just gotta stick true to this purpose ("Prison Reform for Christ based on Science of Compassion/forgiveness"): talked about everything from R. Kelly to Ancient Egypt and Animal Kingdom Incant, New Parent taboos/lack of community - child care Trauma & Copy Cat behavior and Chakra realignment - 4th chakra and higher educational - Self Preservation Transcendence: <sup>not psycho-logic</sup> Socio Spiritual Love Pride for the unknowing satanic sex addicts - not blaming their ignorance but educating and providing real path forward out of these dark ages of war and ineffective vengeance. Anyways talked alot, wonder if anyone cared to really listen or if I'm just another psycho.. (10/18) dreams Talent show w/ mom. Mom cried telling me grandpa died & fall down like leaves and bye like the dust on the ground. - Says a girl speaking for her Indian father to me - I reject the cowardest statement, she's sitting in chair in front of me and the classroom moves to a half circle w/ all the main references from CC - Power delivery system and terrorism, world water report, 2018 rep. of labor slavery statistics, The cost of war casualties in middle east, modern slavery statistics, and more - for some reason I am to give a brief summary on one reference - stitches and warmth. 11:40am: Damn, asked About Bizzy's stab wounds. The story involved a 22 w/ only one Bullet, no firing pin, 9 mil on brother's head brother, right before actually, bag of coke left on seat made duder strip naked thinkin they stole, dude hit sis w/ slantchord, beat his ass, stabbed w/ box cutter, Shand left in chest, found him later but his mom walked out w/ Baby sister and gave up on it. I hold him in my arms.

10/18 1pm - talked to Katie (Bizzy's girl) for awhile, checkin on  
her loans/bail process and other things, she said she'd contact  
Becca for me and check out my yt - sounded like she was about  
3rd party release for me but Bizzy said don't get me gettin  
out when he does. Once again she's bout' sayin of this shit  
but really sounds like she's helpin/hes gettin bailed etc. Gae  
again doesn't really matter but still leaves me - need to  
drop my expectations in order to let trust/distrust  
hopeful/hopeless not effect me as much. Expect the worst  
and anything less/better is a blessing. 530pm - worked on  
a sample joint paragraph drafted to Governor, trying to tie in  
every little thing of reference / annotation notes. After a few  
hours - just started thinking "do I really care, even though  
I know a spinal draft will make me so happy to send out  
it's like an extreme battle (inner) and makes me so brain  
dead, maybe I am ingested w/ negative spirits who just want  
me to give up on trying, it is so difficult understandable why  
it's taken this long, kept thinking I was going to trial or  
and only got the letter addressed to Gov. 7 weeks prior to  
that. Now 2-weeks since expected trial date 10/19 3:00am  
TURN IT OFF! \*Bang Bang Bang\* Turn it the fuck off! \*Bang  
Bang Bang\* slamming on his door, creating a thunderous  
noise. Over and over the whole night. And as I also ex-  
perienced very suicidal thoughts tonight, I began to tell  
myself "I am nothing. I am No-body no-one" and it seemed  
if I could convince myself of this, then this place would  
not be so bad. If I didn't have my beautiful memories  
of the past which I lost, the regret haunting me, causing  
me to suffer. If I never knew a more beautiful world  
this place wouldn't be so bad. And maybe that's how we  
lose our identity - either of beautiful memories that  
make us too sad to remember or of horrible traumatic  
nightmares of a past we refuse to remember. Yet you have convinced  
or being fooled into submission, yet you have convinced  
me I'm crazy. But if I'm just mimicking my outside  
environment, the town and relations, then what  
and media from those I'm surrounded by, then what  
fault is it really? An environment like this would  
make anyone crazy: or forgetful or hopeless or vacant.  
I guess this whole experience is just waking me up to how  
the world really is - first hand. How many people have  
waited months, years, a whole life for a sign of hope,  
for help, for truth. Painful as it is for my heart to  
withstand, making me all the more equipped and reliable to  
withstand the masses of forgotten

10/25 You could see all Bizzz's absurd sexual jokes and insults as apart of a larger conspiracy to indoctrinate/prison homosexual ideas into the prison population converting violence into down like subtle <sup>subliminal</sup> <sup>advertisements</sup> - his unique voice and dark humor makes light/time pass but the voice will stick in the subconscious for life.. Aren't there better program techniques? maybe but not as subtle or secretly obvious. // Died 6 times this year. from Dutch Sheets, give him 15.com Oct. 4, 2022 (hundreds of 1,000's of people are praying 15 min/day together)  
he's also teaching & equipping us.

"In one of our services just a few weeks ago, I saw more angels present than I have ever seen before - hundreds of them. I saw the two angels assigned to each person's life, standing with them. There was a powerful, weighty presence of King Jesus in the room. Clearly, something in Christ's Kingdom is amping up.

"Recently Holy Spirit has begun revealing to me another division of angels being sent to assist the <sup>God's governing body of Christ</sup> Ekklesia: the Seraphim order of angels. These are the highest ranking angels we know of. They are incredibly powerful beings that carry the delegated authority of the Godhead. Most theologians believe Michael and Gabriel are part of the Seraphim order. The Seraphim minister in God's Throne Room. They provide protection and proclaim the holiness of God, declaring 'Holy, holy, holy is the Lord' (Isaiah 6:3). Seraphim are also angels of fire, which the prophet Ezekiel described as being capable of striking things on earth with God's power (see Ezekiel 1, 10). God commissions these angels into the earth realm to assist His people. They empower the decrees of the Ekklesia, striking God's enemies with His lightning-like power.

"There is another aspect of the ministry of Seraphim I believe God is accelerating into our times. The first chapter of Luke tells us of Zechariah, a priest that ministered at the altar of the Lord. He and his wife, Elizabeth, wanted children but Elizabeth was barren. God sent Gabriel, a Seraphim from the Throne Room, with His message to them: 'God has heard your prayers. You will have a son and you are to call his name John. He will have the spirit of Elijah upon him and will prepare the way for the Messiah.' This word was so overwhelming it caused Zechariah to doubt if it was true. In disbelief he questioned the angel, 'How do I know if this is really true? Is there a sign you can give me?' The angel said to him, 'I am Gabriel. I stand in the presence of God and He sent me to tell you this. Because you question my veracity, here's your sign. You will be unable to speak until the child is born' (see Luke 1:5-20). Zechariah's voice was indeed silenced until the birth of his son.

"In this account, a Seraphim was able to stop the ability of a human to communicate. Would they not be capable of affecting the communication systems of those who are enemies of God and His people today? I believe this is one of the reasons God has now sent His Seraphim order to us, the Ekklesia - to help stop the communication of evil in our land and assist in enforcing the decrees of the King's Ekklesia. Mighty angels are here to help us silence demons and disrupt their influence. They are here to assist us in overcoming perversion, idolatry, dark deceptions, sexual confusion and the worship of Baal through abortion. We need angelic assistance to silence those actively promoting anti-Christ ideologies. They will expose wicked communication and tear down strongholds in government, education, media, big tech, arts and entertainment, and religion.

"Hebrews 1:13-14 tells us that angels minister to and assist (*diakonia*) the heirs of salvation. (1) In Revelation 22:1-7, Apostle John received a word from a Throne Room messenger (which implies it was a Seraphim). When he saw the angel, John knelt, but the angel stopped him saying, 'I am your fellow servant, and the fellow servant of your brethren, the prophets and to all those who keep the sayings of this book' (verse 9). Fellow servant is the Greek word *sundoulos*, meaning 'to run together with; to serve the same master, plan or cause'. It also means 'co-servant' or 'to be on the same team.' (2)

"Using these definitions, we are told that angels are 'on the same team' as Christ's heirs, assigned to 'run with' them. They are commissioned to serve the purposes of God with the Ekklesia as they conduct Kingdom business on earth. Psalm 103 tells us angels engage and help connect decrees to their moment, bringing them to pass (verses 20-21). Angels are one of the ways through which Holy Spirit gives us the advantage. Decree God's words - fuel the angels!

### Pray with me:

Lord, we pray for an outpouring of Your Spirit on our sons, daughters and grandchildren. We pray that a Jesus movement greater than any before would begin to sweep across America and throughout the world. We bind lying spirits assigned to generate evil communication. You have sent Your angels to help us win a great harvest. Our children will sing Your songs, dream Your dreams, minister under the anointing of Holy Spirit, and be mighty members of Your Kingdom. Hell will not stop this. We pray that Your angels would activate and empower this across the world. It is time! We pray for an outpouring of Your Holy Spirit that will bring light into the darkness. Let it accelerate according to Your plans.

Father, we continue to pray for those impacted by Hurricane Ian. Comfort those who have lost family members, encourage those who have lost possessions. We lift their arms through prayer - sustain and strengthen them. Give churches in Florida strategies and resources to serve and lead many to you.

And lastly, we fuel the greatest revival in world history with our prayers. It is coming and will not be stopped. Send many angels to assist in this. We pray these things in Jesus' name. Amen.

### Our decree:

We decree that Holy Spirit is being poured out in great measure and power, producing unquenchable fire and world-wide revival.

# A Psychedelic Renaissance at the V.A.

Clinicians look to drugs the government still deems illegal to treat addiction and PTSD.

By ERNESTO LONDOÑO

The last known experiment at a Department of Veterans Affairs clinic with psychedelic-assisted therapy started in 1963. That was the year President John F. Kennedy was assassinated. "Surfin' U.S.A." topped the music charts, and American troops had not yet deployed to Vietnam.

At the time, the federal government was a holdout of psychedelics research. The CIA explored using LSD as a mind-control tool against adversaries. The Army tested the drug's potential to incapacitate enemies on the battlefield. And the VA used it in an experimental study to treat alcoholism.

But booming recreational use of drugs, including hallucinogens, sparked a fierce political backlash and helped set in motion the war on drugs, which, among other things, ended an era of research into the therapeutic potential of psychedelics.

Nearly six decades later, a handful of clinicians have brought back psychedelic therapy within the Veterans Affairs health care system. If their studies show promising results, they could mark a major step in the quest to both legalize and legitimize psychedelics and make them broadly available for clinical use.

I spoke to four of the government researchers leading studies into the use of MDMA, often called Ecstasy, and psilocybin, to treat mental illnesses that have been resistant to current therapies for many veterans.

By JAN HOFFMAN

Teva Pharmaceuticals is the country's biggest manufacturer of generic opioids, and a settlement in principle with some 2,500 local government states and tribes over the company's role in the deadly, ongoing opioid epidemic.

The deal — worth up to \$4 billion — came after a series of testing trials and previous settlements in individual cases across the country over the past year.

Though much less than Teva, an Israeli company, affiliates produced far more prescription opioids during 10 years of the crisis than its name opioid manufacturer, as Johnson & Johnson did. The production of both generic branded painkillers dwarfed the output of Purdue Pharma, the maker of OxyContin, the nation most immediately associated with setting off an avalanche of overdoses and deaths.

Under the deal, Teva will make payouts over 13 years, directed to state, local and tribal governments to ease the opioid crisis, which has only deepened since the coronavirus pandemic. The \$4.25 billion total in payouts, nearly \$550 million in the first year, the company had already made as trials got underway in states like California, San Francisco as well as West Virginia, North Carolina and Rhode Island.

States and local governments choose to accept the payouts in exchange for legal immunity from lawsuits.

The deal represents a state at a time of announcements that the federal government is considering a similar approach.

■ When the *Celebrity Equinox* set sail from Florida last week, the cruise ship's 3,000 passengers expected to enjoy a week of relaxation in the Caribbean. Then Hurricane Dorian devastated the Bahamas. The vessel changed course to Grand Bahama Island and became a floating aid station. Kitchen staff prepared some 10,000 meals for storm-struck Bahamians, which passengers plated and packed. Guests and crew also donated clothes for victims. Guest Jessica Russell fully supported the cruise's rerouting. It's the "least that we can do," she said.

■ For the first time in the U.S. Army's 244-year history, two sisters have attained the rank of general. At a historic promotion ceremony in Arlington, Va., Maj. Gen. Maria Barrett — already a two-star general — presented her younger sister Brig. Gen. Paula Lodi with a beret bearing her new one-star rank insignia. The daughters of a World War II vet father, both siblings have excelled in the military. Barrett, 53, commands NETCOM, which runs the Army's cybernet-works, while Lodi, 51, is director of health-care operations for the Army's surgeon general. "This is not a game of chance," Barrett said of her and Lodi becoming generals. "It is hard work."

■ Matt Sylvester was an hour into his first flying lesson when his instructor suffered a seizure and passed out at the controls of their two-seat Cessna. The 29-year-old Australian immediately called air traffic control, who advised him on how to keep the wings level and reduce his speed as he prepared to land at Perth's Jandakot Airport. He made several passes over the runway before gently touching down. An ambulance took the instructor to the hospital, where he is now in stable condition, and flight school owner Chuck McElwee praised Sylvester for his cool head. "It was," he said, "a perfect landing."

AGING, SLOWLY

## Turtles and Their Brethren Play the Long Game

For mammals like humans, aging is inevitable. No matter how many vitamins we take, skin sags, bones soften and joints stiffen over time. However, turtles and tortoises age more gracefully. Despite their wrinkled skin and toothless gums, species like Galápagos giant tortoises seem unscathed by the ravages of aging. Some show few signs of slowing down as they plod into their 100s.

To determine what drives these

ageless wonders, two groups of researchers examined turtles, tortoises and their ectothermic, or cold-blooded, brethren in a pair of studies. Ectotherms like fish, reptiles and amphibians dominate the longevity record books.

Living so long requires a gentle aging curve. After most animals reach sexual maturity, much of their energy is devoted to reproduction at the expense of mending aging tissue.

This physical deterioration, or senescence, often causes an uptick in mortality risk as older animals become susceptible to predators or disease. But several coldblooded animals experience little senescence as they age.

It makes sense that turtles set the anti-aging standard, considering their sluggish metabolisms. Researchers have also linked their sturdy shells to longer lives.

While these lumbering reptiles cannot outpace death, they may hold insights for prolonging longevity and decreasing age-related decline.

"If we continue to study the evolution of aging in turtles, at some point we'll find a clear connection between turtles and human health and aging," said Rita da Silva, a population biologist at the University of Southern Denmark and an author of one of the studies. JACK TAMISEA

MOOREHEAD REPORT FOR THE NEW YORK TIMES

The other example is of my niece Elizabeth, with twins born 4 months early on July 30th, and then she and her husband Luke losing one of their 2 daughters. The following are excerpts from what they shared at her memorial service.

**Luke's Remarks:** Eleanor's life was not long, just 19 days. There aren't many memories to relive and it may seem like there is not much to say. But there is something to say. I want to share how Eleanor's death has affected me and Elizabeth. I want to share how we will never be the same. I want to share what God is teaching me and perhaps teaching all of you too.

I want to share three words with you. These words may sound strange at a memorial service. They may even sound somewhat cruel in light of the circumstances. But these words have taken on a deeper meaning for me and have become more important to my life and to the life of my family. The three words come from 1st John chapter 4, "God is love."

Why did God allow Eleanor to die? If God is love, why didn't He let her survive this ordeal? Why didn't He heal her and give her a full life? Why are we being made to suffer through this immeasurable loss? I wanted to have and hold and love Eleanor so, so much—why was this precious gift of life taken away?

Will I ever receive answers to these questions? Will I ever stop asking them? The reality is that the answers to these questions are being provided by God's love and grace every day, and these and other questions will continue to be answered until the day I myself am ushered into His glorious presence. There may be days in the future where I don't think about these questions much, maybe not at all for a moment or two, but God will still be answering, He will still be helping me understand as I look through a glass darkly. He'll be showing me through his perfect and never-ending love.

As God continues to answer these questions He is showing me what love means in a way that I could never know apart from experiencing Eleanor's death. The love that Elizabeth and I have for little Lucy and for each other is deeper, more profound, more meaningful. God has allowed Elizabeth and me to be together, to weep, hold, and comfort each other, to have a companion to grieve with. I see His love working on and between us.

God is also showing us what the love of family and friends is really like, and it is more than we could possibly expect or imagine. We may have lost one of our precious daughters but we've gained immeasurably through the love of you, our brothers and sisters in Christ. Truly and sincerely, we thank you for your love, prayers, and support. You may not think about it in this way, but God is using you to show us His love, and it is beautiful.

Eleanor's death was unlike anything I've ever seen or experienced in my life. It was raw, terrifying, intimately painful in a way that words cannot express. But God is love and has conquered death. Our sweet little Eleanor is now in the presence of Almighty God—how is that not a perfect summation of God's love?

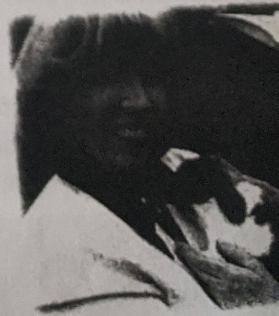

**Elizabeth - A Mother's Reflection:** Trust. This was a word that came to me at the beginning of the year and I felt it would be an important concept for me in the months to come. At the time I had no idea of the events that would take place in the coming months.

At each point in my pregnancy, birth, uncertainty, loss, and hope, I had the choice to trust and have faith or to fear and doubt. The song, "Even If," by Mercy Me has run through my mind often these past few months as I faced each new day and what could happen. It talks about knowing God has the power to heal and save, and the importance of trusting Him even if He chooses not to come through in the way that we think He should. It caused me to question how I would respond to each situation—even if I had a miscarriage, even if I had pregnancy complications, even if I gave birth early, even if... would I still trust God amid those trials? Though I asked myself these questions in my mind and made the choice to trust, I didn't know how I would respond if I actually went through them. Would I still be able to trust and say, "It is well with my soul"?

My answer is yes. With each step on this journey, God's grace, mercy, and peace has been evident and my faith has been strengthened as I am forced to rely wholly on Him. This doesn't mean that I don't still feel profoundly the loss of a child and what could have been, or that it won't hurt when I sort through things in a nursery that was meant for two and will now only have one, or when we tell Lucy about her sister. But God is faithful and will be there for each of those moments, continuing to give grace for each future step. Yes, I choose to trust myself to Him and His sovereign plan and to say, "It is well with my soul."

Trusting in The ONE who can guide and comfort us on whatever perilous path we are on,

### EVEN IF

A story I remember my mom telling after our years of living in Africa, and one I have shared with the inmates from time to time, is of a young African bridegroom. He had planned everything in detail to make sure he would look his very best. He had gotten a white suit, white shoes, a hat, and sunglasses. He even asked his Christian friends to pray for really nice weather on his wedding day. When that day arrived, it was a beautiful sunny day and he delightedly got all dressed in his wedding clothes and set off walking to his bride's village. As he approached a field there was suddenly a huge downpour of rain and before he knew it, he was splattered with mud, and sopping wet from head to toe. He was so distraught. Anger and tears welled up within him. When he arrived at the village his friends gathered together some dry clothes for him and the wedding went on, but he was so angry at God he said he would never pray again.

A short time later after hearing a knock on the door, the bridegroom opened it and saw a young man his similar age. He said to the bridegroom, "Tell me about the God who answers prayer!" The bridegroom was perplexed, and asked what he meant. The young man explained that he had wanted to marry the girl that the bridegroom was marrying. He was waiting in a field with his gun, and just as the bridegroom came into view, there was a huge downpour of rain and he was not able to kill him. Suddenly the bridegroom realized that in his limited understanding he had concluded that God had failed him. Yet God had watched over him and saved his life. How sad to think that if that young man had not come to reveal his plot, the bridegroom could have spent the rest of his life being angry and separated from God.

What's our response when it seems God has failed us? Will we harden our hearts to Him and bow down to anger, bitterness, or other gods of addiction? Will we abandon Him, or will we enter the mystery, abandoning ourselves to Him? (MSG Psalm 40:3) Will we give Him ourselves and our circumstances and invite Him to work in our lives? A quote from Mrs. Charles E. Cowman's book *Streams in the Desert* says: "The present circumstance, which presses so hard against you (if surrendered to Christ), is the best shaped tool in the Father's hand to chisel you for eternity. Trust Him, then. Do not push away the instrument lest you lose its work."

A lot of us, like the inmates, are facing scary and uncertain circumstances. In our fiery trials will we say as Daniel's friends when threatened with being thrown into a blazing furnace, "...the God we serve is able to save us from it, and He will rescue us... But even if He does not, we will not serve your gods or worship the image of gold you have set up." (Daniel Chapter 3). In the midst of being thrown into the furnace, God met Daniel's friends in a powerful way and they were not alone. Corrie ten Boom found Jesus Christ beside her in the deepest hell men create while a prisoner in the concentration camps of World War II. She said, "No pit is so deep that He is not deeper still." Many of the inmates have, and are experiencing His bringing them out of the dark pit and thanking Him for His gifts along the way.

Within my family in just the past months I have seen 2 tremendous examples of steadfast trust in God as they walked with Him on very unfamiliar paths through dire circumstances. One is of my nephew Levi, and his wife Marissa who was diagnosed with 4-stage cancer about a year ago and who at age 27 just went home to be with Jesus on August 5th. Levi had quit his job months ago so he could be by Marissa's side all along this journey. He wrote "This last year was the most difficult that we had ever faced but I can truly say that God was with us at every step providing His peace, direction, and comfort.... Marissa and I were continually brought to tears from countless times when blessing and encouragement came to us...I will forever be thankful to our friends and family for the support.... our hearts though shattered, will remain soft and thankful for the time we had with her." One friend wrote of Marissa, "She loved Jesus with all her heart and all her strength. Her hope was in Him alone. Her confidence in His goodness and His faithfulness to the end, astounded and challenges me. Her faith unwavering. Her life has changed mine."

SOCIAL MEDIA.

SO, I JUST DIDN'T UNDERSTAND  
THE UPROAR."

you are getting ready to release your second album. You've had some time between projects. Have you liked that? Have you been frustrated by that? Do you think the album should've been out sooner, or is this the timeline that you wanted? You created?

I feel like at this point, it's like a timeline that I created. Because last year, I was like, I gotta put out my album this year. But, then I just stopped working on my album out of nowhere because I feel like the whole COVID thing discouraged me to put out my album. Because I want to put out an album, and I want to tour.

That seems to be what happened with most big hip-hop artists during the COVID pandemic. They didn't drop any albums or projects or try to take advantage of this weird year. It feels like most artists seem to be holding all of their music for when they can go out on tour.

Yes. We want to tour with the album. And I feel when I did *Invasion of Privacy*, I did a really big interview with [radio host] Ebro [Darden]. And to this day, I see people posting the interview.

I don't feel like if I do like, an album promo run and everything, like, there's no feelings to it, me doing interviews with people through a computer. I want to meet up with people. I want to have a conversation. It's a better vibe. I love album release parties. I would love an album release party in New York. I could have one in Atlanta, but I want one also at home. And I want to see people. I shouldn't fly out 50 of my friends just so they could be there in Atlanta and then somebody might catch COVID. No. So, it's just something that I stopped, but then now that I keep putting out my singles, I keep saying like, "Damn. I have no choice but to put out my album this year."

It's hard if you keep putting singles out and don't put the album out, because then it looks like you're not confident in the singles you are dropping.

Yes. And like, this was one of the biggest things that I had to do, this cover. I got like, a week of making sure I handle all my business, making sure everything is good, go to meetings. And then, I'm going away for a very long time to finish my album.

So, what is the timeline for you this year if it was your way?

It's difficult. Because it's like, even after I finish the album, I gotta make sure I do two epic music videos. And, it takes me a while to do a music video. It takes like, a whole month 'cause I suck at dancing, so I've gotta learn choreography. "WAP" was very difficult, getting clothes because most of our clothes came from France. And they had like, a whole three-week holdup.

It's a bit of a tired conversation but to touch on it a bit, were you surprised by the response to the "WAP" video? The complaints of it being oversexualized mixed with the woman empowerment conversation. Were you waiting for "WAP" to be controversial or were you not expecting it?

I was really surprised by it because I'm like, I don't understand what's the uproar about it. I grew up listening to Trina and Khia and fucking Lil' Kim. Like, Lil' Kim says some real nasty shit. Foxy [Brown] says some nasty shit.

But, so do male rappers.

Yeah, so do male rappers. So, I was just so confused. Like, why is this such a fucking uproar? Is it because I'm a really big Democratic advocate or something? So, now the Republicans are just trying to find anything?

Oh, interesting. A backlash from being vocal and supporting Bernie Sanders and the Democrats in general.

It's just like, Hmm. Y'all know how I got famous, right? I got famous by talking nasty on fucking social media. So, I just didn't understand the uproar. And like, weeks later and months later, I'm starting to see like, Damn, this was a real feminist record. I didn't even know that it was going to be. It was such a cause of conversation. In the beginning, it was on Fox News, these fucking... They were eating it up.

And then, these last couple of weeks it was trending again because there were some books of Dr. Seuss that got pulled out 'cause they got racial content in it. People was just like, "Oh, 'WAP' could be the greatest song, ever and 'WAP' could play everywhere, but we're gonna pull Dr. Seuss books out 'cause of what?" And I'm like, I don't understand. Why is my song getting involved in something that has to do with racism? I cannot believe that this song is just such a conversation.

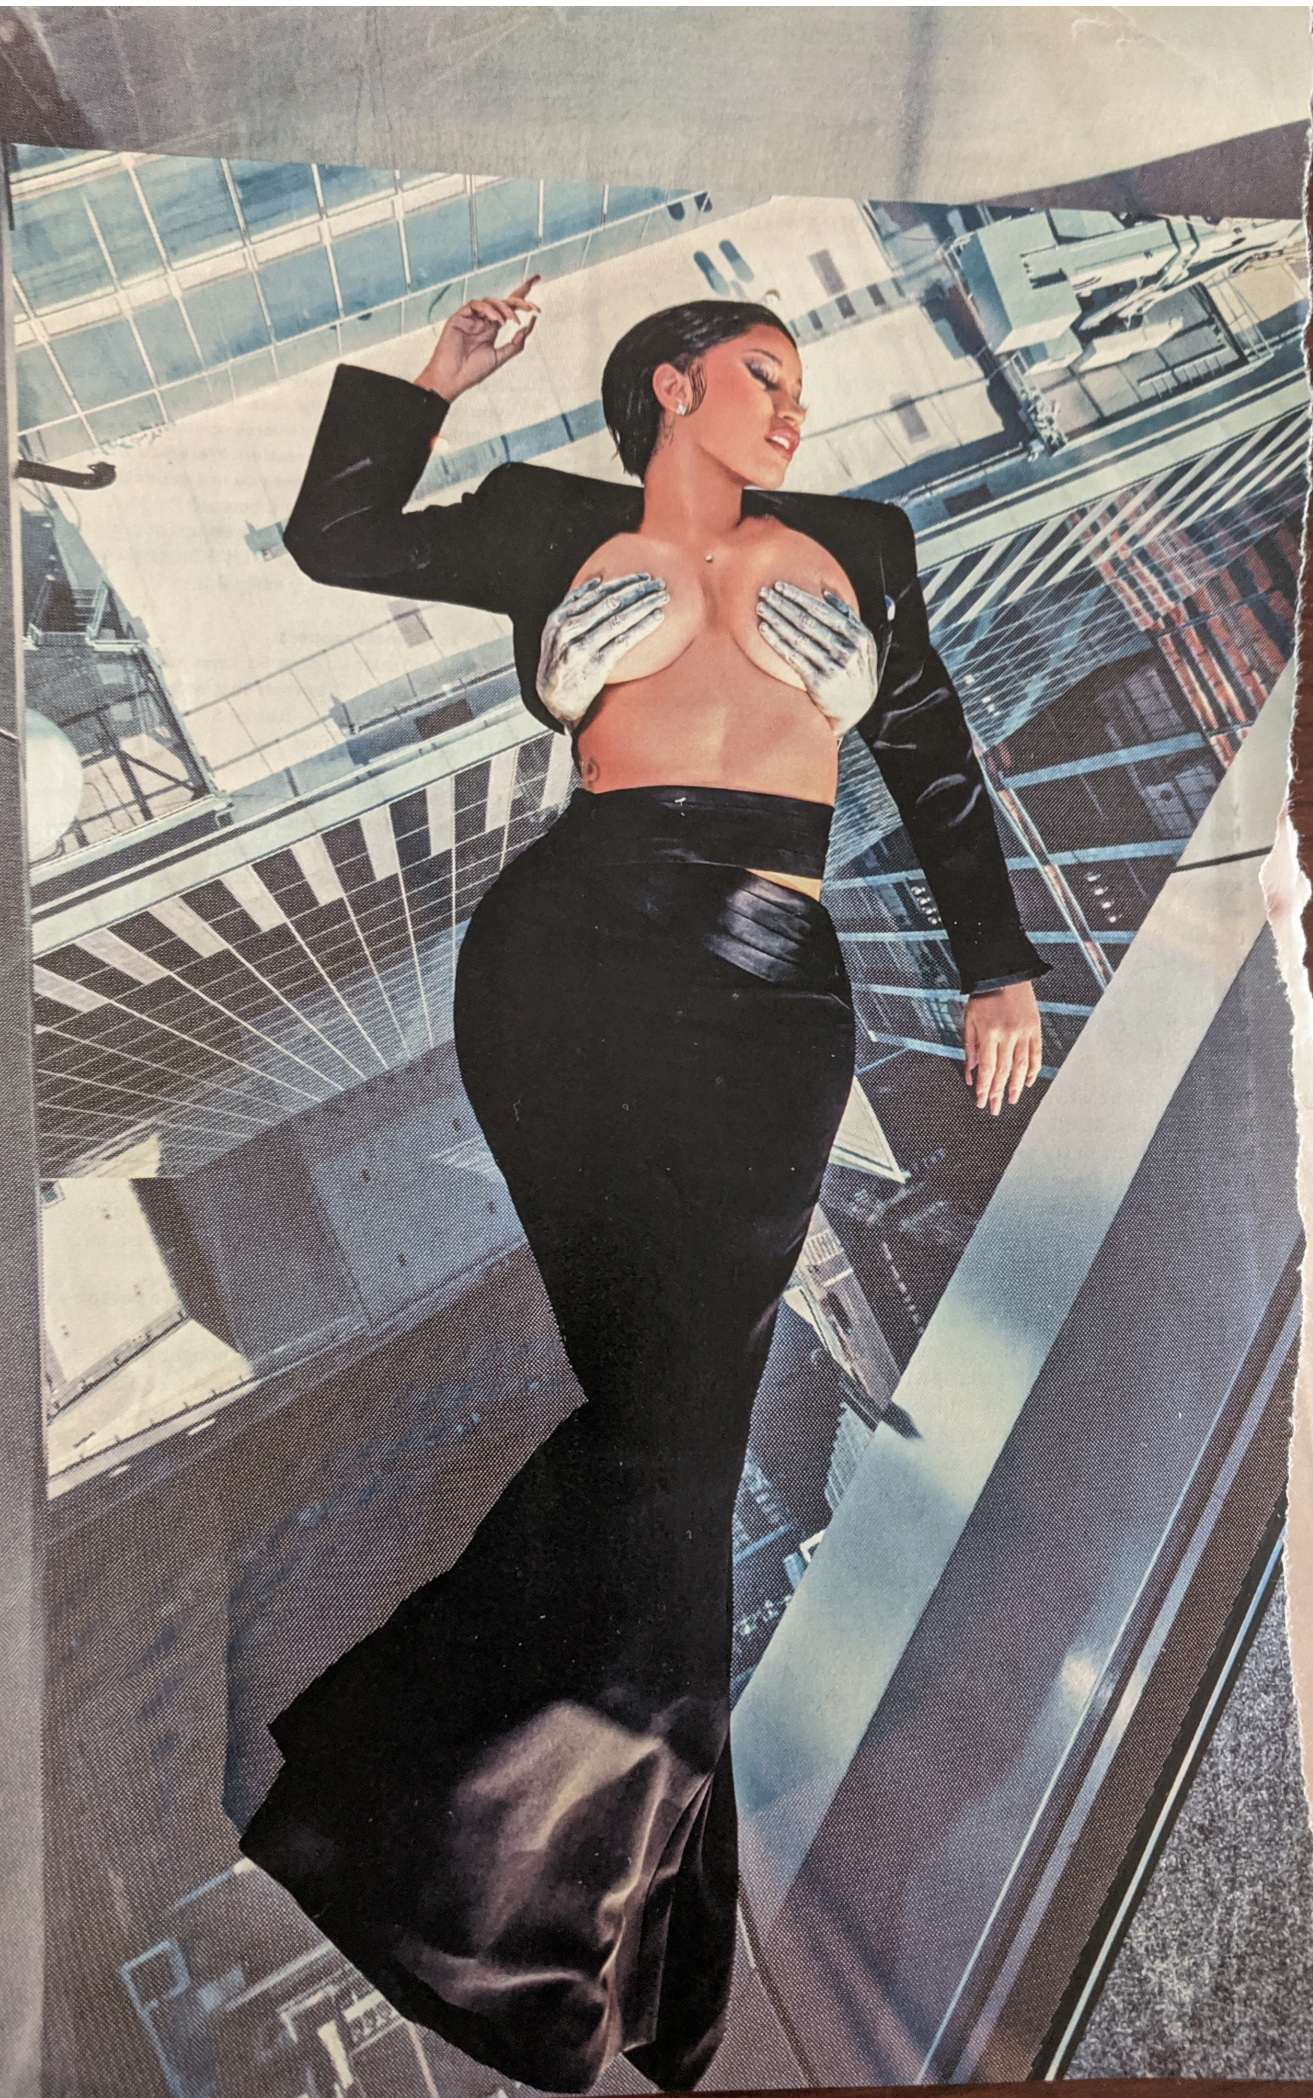

But you've created yourself to be a person who makes those conversations now. Right?

I guess. But, I really didn't thought that it was gonna be such a conversation. Because, to me, I feel like the conversation was gonna be the music video—it's so amazing. I didn't thought that people was gonna be like, "Oh, this is such a nasty song." Because it's not the nastiest song I ever heard. This is nothing compared to like, "My neck, my back, lick my pussy and my crack." It doesn't even compare.

You brought up your political side. How important is it for that to be a visible part of who you are to the public?

I hate when people be trying to say that I stand up for people for clout. Because I have videos of me with fucked up teeth, in Harlem marching for police brutality. I have videos of me with braids and fucking pimples all over my face while stripping, talking about this shit. In 2016, I was telling people why is it so important not to vote for [Donald] Trump. Like, this is natural to me because it's like, something that I love. It's my passion. I love politics. I love government. I love, like I said, wars. I love history

# Rubi Rose

WORDS

KEMET HIGH

**A** unique voice is crucial to rap stardom. And that just happens to be Rubi Rose's God-given attribute. Though she's petite in size, her sonorous tone makes her music larger than life, seemingly like she's the seed of vocal prowess rap legends Lil' Kim and Foxy Brown. That voice delivers the sexually liberated lyrics on her 2019 smash "Big Mouth," which birthed different viral TikTok trends from dance moves to people biting into various foods during the intro. Given the platform's current superpower, that boosted the 23-year-old artist's status in the rap game, on top of the clout she's earned as a past video vixen and social media influencer. After quadrupling her Spotify monthly listeners over the last year, Rubi is looking to increase her momentum in 2021.

Rubi Rose Langenheim was born in Lexington, Ky. to an East African mother and multiracial father who was adopted and is believed to be Japanese and White. Growing up in the household with her older sister Scarlett, a taste for music was seasoned by artists their parents would play during weekend cleaning sessions. The genre-defying sounds of singers like Michael Jackson and Prince filled the air as did rap phenoms The Notorious B.I.G. and Tupac Shakur.

Rubi's family's Mormon religion sheltered her from what was going on outside of the family home as a kid. "There was a point in time where I wasn't supposed to listen to music like that, drink caffeine and wear things that didn't

go past my knee," she remembers. That eventually made her more inquisitive. And the way she fed her curiosity was through the internet. During class, she would look up and download music like Dom Kennedy's *Yellow Album*.

Gospel was a different story. Rubi got her first chance to create music in the church where she sang hymns and played the piano until age 9, when her father was excommunicated from the sanctuary. As problems arose in her parents' marriage, Rubi and her older sister were sent to live with their grandma, aunt, uncle and cousins in Geneva, Switzerland. The French-speaking city was home to many refugees of Eritrea heritage, the same nationality as the late Nipsey Huddle, following the Eritrean Civil War. "We were in school for the majority of the time," she says of what kept her busy overseas.

Ahead of her 12th birthday, Rubi's parents brought them back to Kentucky after a year-and-a-half had passed. But things didn't last and in summer of 2013, Rubi, her mother and sisters moved to Atlanta. In the Black Mecca, Rubi wrapped up the last two years of high school and enrolled into Georgia State University as a poli-sci major in August of 2015. While in school, she began playing around with rap, freestyling in a makeshift closet studio. She was soon inspired to ditch the thought of becoming a lawyer and take rapping more seriously. "People said they liked my voice and I had people who believed in me and motivated me to keep going," shares Rubi, who looked to rappers Nicki Minaj, Missy Elliott and Foxy Brown for a blueprint.

Over the next few years and in between classes, the aspiring rhyme slinger worked with friends on her breathing techniques and delivery. Before she revealed the finished product, Rubi began immersing herself into the industry as a video vixen. The first two videos she was featured in were for Raury's gem "Cigarette Song" in 2015, and Migos' hit "Bad and Boujee" featuring Lil Uzi Vert in 2016. "That helped my career and getting my face known a little bit as well," she notes of Migos' most-viewed video.

Rubi's first official song in 2018 came with

more steam than the norm. She laid down a verse over then-boyfriend Playboi Carti's record "On Top." Seeing how he was elite on SoundCloud then, Rubi claims that the anticipated record broke over a million plays in just a month on the platform. "I thought that was going to be my big break," she confesses. Turns out it wasn't just yet. The record wasn't able to make any noise.

Undiscouraged, Rubi pushed on. In early 2019, she dropped "Trickin'" followed by "Big Mouth," her biggest record to date. The tenor tone she used to spit lyrics like "Fuck him good, take that nigga money when he pass out" over the ChewBeats-produced foundation was instant magic. "At the time I didn't even know how to check streams," Rubi admits. "But the labels started reaching out so I knew that it did something."

In June, Rubi inked a deal with Hitco Entertainment, founded by the legendary L.A. Reid. "They're a new label and I feel like I'm a priority," Rubi explains. "I need attention to help foster my growth."

Knowing how effective an emerging rapper like Rubi and a seasoned beat architect would be, L.A. Reid aligned the rap upstart with producer Hitmaka, who then helped mix "Big Mouth." "I thought it was something special and unique with her just being such a little, petite woman but having that large, deep voice," Hitmaka remarks. "Also, she was talking incredibly greasy. So, I knew girls would eat that shit up."

In September, Rubi cooked up the treatment for the "Big Mouth" music video, which in combination with an accompanying TikTok trend, helped raise the song to 13 million streams on Spotify. Her follow-up "Hit Yo Dance" featuring Yella Beezy and NLE Choppa kept the kettle hot that fall, too.

Escaping the halting anchor of COVID-19, Rubi Rose leveled up even more in 2020. She scored a big-time look in the visuals for Cardi B and Megan Thee Stallion's chart-topping release "WAP" that August. Rubi's short but undeniable track record forced L.A. Reid's hand to upgrade her deal from a singles package to an artist signing that December. In celebratory fashion, her debut mixtape, *For The Streets*, dropped on Christmas day. "It's a good representation of the artist I'm becoming," Rubi maintains of the eight-song effort, led by bad bitch anthems like "Papi" and the PartyNextDoor and Future-assisted slow burn "Whole Lotta Liquor."

Now, young Rubiana is headstrong on becoming a full-blown superstar in 2021. As a precursor to her upcoming debut album, the still-enrolled scholar is plotting on unloading new music that will hopefully inspire girls who can relate to her rawness. With hip-hop finally embracing women more, all eyes are pointed toward up-and-comers like Rubi, who acknowledges the pressure with open arms. "I like the attention," she admits. But she's focused on the bigger picture. "I just want to grow in every way, mentally, musically, financially."

Best believe she's in her bag now. ♠

# Court

Continued from Page 1A

There's a large need for help with substance use disorder in Springfield, he said in a presentation to the City Council, and incarceration alone isn't enough to interrupt the cycle. People need treatment and services to get and stay sober, he said, and a treatment court could provide both and other critical programming.

"We see these individuals who have this substance abuse problem cycle through our system, and that is one of the primary reasons I'm requesting guidance," Tierney said. "I don't have a method or at least any opportunities to work on addressing this with our community."

Springfield officials expressed support for continuing to explore the possibility of a drug treatment court, but Mayor Sean VanGordon said the city is "a long way from the finish line."

## DUIs common in Springfield

Driving under the influence of intoxicants is the second most common charge in the city, Tierney said.

There were 277 arrests for DUI in 2020, he said, and 241 in 2021.

"This week, I've received a call every night for warrants regarding particular DUI calls," Tierney said, adding there's basically an arraignment for at least one DUI every day.

Property crimes such as second- and third-degree theft also are common charges, he said, and they're often driven by the cycle of drug addiction.

Tierney told officials he sees the same individuals "very frequently" and said studies have shown a series of stints in jail doesn't break the criminal cycle.

People need treatment and engagement with people encouraging sobriety and offering services, he said, and a treatment court would allow for that.

## Multiple benefits

There are many potential benefits to a drug treatment court, Tierney said, including:

- A focus on people who are the most likely to reoffend and have the highest need for services
- Multiple routes to the program, in-

cluding a deal with the prosecutor and the court deciding someone would be a good fit

- Direct accountability to the court
- Mandated treatment
- Direct access to services

Based on screenings from Emergency Addiction & Mental Health Services, which would serve as the treatment provider, there are people currently in custody in the city's municipal jail who could benefit from the program, Tierney said.

Several groups are supportive of Springfield starting a drug treatment court, he said, including county agencies involved in health care and local nonprofits that help veterans and those with mental health and substance use disorders.

## Grants available to start, maintain

A treatment court could cost tens of thousands a year, and likely more based on estimates Tierney provided.

There are federal grants available through the Bureau of Justice Administration to start and maintain treatment courts, he said.

In 2022, the grant was for up to \$700,000 over a four-year period with local governments provided a 25% match through in-kind hours and services, he said, but staff aren't yet sure how much might be available next year.

The funding cycle likely will open in March, Tierney said, and the city already has prepared materials to apply if officials approve moving forward.

Local government can continually reapply for funding, he said, and he would intend to do that. The money available for continuing treatment courts is higher than the pool of dollars for starting them, he added.

Nothing is set in stone, City Manager Nancy Newton said, as the work session earlier this month was focused on gauging council's opinion before moving forward with more research.

Councilors generally expressed support, saying they understand the need.

"Right now, Oregon's awash in drugs," VanGordon said.

Staff will look deeper at potential costs and long-term financial viability before returning to council to continue the discussion, Newton said.

# Brooklyn Bishop Robbed By 3 Armed Assailants While Delivering Sermon

By CHRISTINE CHUNG

A showy pastor who was in the middle of delivering his sermon and his wife were robbed at gunpoint of more than \$1 million worth of jewelry at a Brooklyn church on Sunday, the police said. The heist was caught on a livestream video of the service.

Lamor M. Whitehead, 44, a bishop at the Leaders of Tomorrow International Ministries in the southeastern Brooklyn neighborhood of Canarsie, spoke about the armed robbery in an Instagram post, calling it an example of "how the devil moves."

"The devil don't care; he sent them," Mr. Whitehead said. He did not immediately respond to a request for comment.

Mr. Whitehead, an ally of Mayor Eric Adams who has appeared publicly with him on occasion, describes himself as having been "adopted" by Mr. Adams as a "mentee."

Last year, he ran an unsuccessful campaign to succeed Mr. Adams.

Alex Traub contributed reporting.

ams as Brooklyn borough president. "Thank You Eric Adams For Your Leadership I Will Take It From Here," he wrote on Instagram in June.

This spring, Mr. Whitehead tried to help broker the surrender of a murder suspect in an attention-grabbing case.

"No one in this city should be the victim of armed robbery, let alone our faith leaders and congregants worshipping in a House of God," the mayor said in a statement on Monday. "The N.Y.P.D. is investigating this crime and will work tirelessly to bring the criminals involved to justice."

Just before the robbery began, footage of the sermon posted on YouTube showed Mr. Whitehead posing a question to his congregation: "How many of you have lost your faith because you saw somebody else die?" Almost immediately after, a trio of armed and masked individuals in black clothing entered the church, according to Mr. Whitehead, the police and the footage.

Seconds after his question, Mr.

Over \$1 million worth of jewelry was stolen from Lamor Whitehead and his wife, the police said.

Whitehead appeared to spot the intruders as they entered the church and he lay down on the raised stage while raising his arms. "I didn't know if they wanted to shoot the church up, or if they were just coming for a robbery," he said in the Instagram post. Shrieks could be heard from the parishioners. It was unclear

how many people were in attendance. He described lying on the ground with a gun pointed at him and subsequently being stripped of belongings, including his watch, multiple chains, wedding band and bishop's cross. He said the assailants wrenched off his clerical collar to reach his neck-

laces. Mr. Whitehead said he believed the intruders did not know that they were being filmed.

Jewelry was also taken from Mr. Whitehead's 38-year-old wife, the police said, adding that neither of the victims was injured. After the theft, which took place shortly after 11 a.m., the three individuals fled on foot and entered a

# Let God's Word Give You Hope

The powerful promises and blessings of God can be found throughout the Bible, bringing hope to all those who call on Him.

As you use colored pencils, pens, watercolors, markers, or crayons to bring these pages to life, you can claim God's promises as your own and experience the many blessings contained in these Scripture verses.

This is your time to relax, unwind, and set your mind on God. Be creative and bring color to His words. And when you're done, you can remove your art from the book and hang it wherever you need a reminder of His love for you. Or you can frame your creations and give them as a gift.

When you encounter the hope that only God can provide, you can have faith in a brighter future.
